

Statewide - Various Airports Snow Removal, ADA and Safety Equipment

FY2016 Request: \$12,000,000
Reference No: 38582

AP/AL: Allocation

Project Type: Equipment / Commodities

Category: Transportation

Location: Statewide

House District: Statewide (HD 1-40)

Impact House District: Statewide (HD 1-40)

Contact: Jeff Ottesen

Estimated Project Dates: 07/01/2015 - 06/30/2020

Contact Phone: (907)465-4070

Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

This project acquires equipment associated with operating and maintaining the State's aviation infrastructure. The equipment to be purchased will include various airport snow removal, disabled passengers assistance (ADA) and safety equipment.

Funding:	FY2016	FY2017	FY2018	FY2019	FY2020	FY2021	Total
Fed Rcpts	\$12,000,000	\$6,000,000	\$6,000,000	\$6,000,000	\$6,000,000	\$6,000,000	\$42,000,000

 Sec7 Ch43 SLA2010 P41 L6 SB230 \$10,000,000

Project Description/Justification:

The state owns or operates approximately 252 rural system airports. Most state-owned airports have federal funding obligations that create management, maintenance and grant compliance issues to keep the airports open and safe. Some of these airports are highly regulated Part 139 certificated airports which also require aircraft rescue and firefighting equipment as well as disabled passenger assistance equipment. This equipment is necessary for operation of the airports at an acceptable level of safety for the traveling public as well as meeting Federal Aviation Administration (FAA) regulatory requirements. The state seeks federal Airport Improvement Program (AIP) funding for this snow removal, ADA and safety equipment from the FAA. This request covers acquisition of this equipment statewide at various rural state-owned airports.
