Appropriation: Surface Transportation Program

Brief Summary and Statement of Need:

The Anchorage Metropolitan Planning Organization (MPO) selects surface transportation improvement projects, except on the National Highway System, for receipt of federal highway funds within the Municipality of Anchorage. This process results in an approved Anchorage Metropolitan Area Transportation Solutions (AMATS) Transportation Improvement Program (TIP) which prioritizes and describes the capital projects to be funded in the coming years, and is the leading program that implements the Anchorage and Eagle River Long-Range Transportation Plans.

Prior authority was allocated per named project. Page/line information in prior funding history points to the first allocation that year.

Project Description/Justification:

A new TIP for federal fiscal years 2015 – 2018 has recently been approved and incorporated into the Statewide Transportation Improvement Program (STIP). The program amount for AMATS in FY2016 is \$32 million.

With a relatively small program, priority shifts are very dependent on the project development process and the critical path for each project, whether it be right-of-way acquisition or cooperation with the State of Alaska Capital Project Summary
