Project Description/Justification:

This project provides housing modifications for persons experiencing a disability, allowing them to remain in their homes and potentially reducing the cost of providing supported housing. This project increases the accessibility of current housing so that Mental Health Trust beneficiaries and other special needs populations can move into or remain in their own homes. Home modifications are available to people wherever they reside, regardless of whether they own or rent and with whom they live. Approximately 125 families receive modifications to their homes each grant cycle. Many of the agencies that receive these funds have wait lists for the needed modifications. Typical kinds of assistance provided are accessibility modifications or additions (widening doorways, remodeling bathrooms or kitchens, installing entrance ramps, adding bathrooms or bedrooms) and related equipment.

Grantees coordinate their efforts with the Alaska Housing Finance Corporation (AHFC) weatherization program and similar tribal and municipal programs to supply essential repairs or upgrades to building structures (heating, plumbing, and/or electrical systems, roofs, weatherproofing, energy efficiency improvements). Funds are not available to duplicate down payment, mortgage buy-down, or building repair and weatherization programs currently operated by AHFC. This program is supported in the Comprehensive Integrated Mental Health Plan, *Moving Forward*.
