

Alaska Marine Highway System - Tenakee Ferry Terminal Improvements **FY2017 Request: \$5,000,000**
Reference No: 60528

AP/AL: Allocation **Project Type:** Renewal and Replacement
Category: Transportation
Location: Tenakee Springs **House District:** Sitka/Petersburg (HD 35)
Impact House District: Sitka/Petersburg (HD 35) **Contact:** Mike Vigue
Estimated Project Dates: 07/01/2016 - 06/30/2021 **Contact Phone:** (907)465-4070
Appropriation: Surface Transportation Program

Brief Summary and Statement of Need:

Design and construct improvements at the Alaska Marine Highway System (AMHS) ferry terminal berth located in Tenakee, Alaska. The purpose of this project is to replace aging mooring and transfer structures with modern facilities that provide improved operations for AMHS ferry vessels servicing the community of Tenakee.

Project Description/Justification:

Construct improvements at the existing ferry terminal or new locations to provide improved vessel mooring facilities, pedestrian and vehicle access, public safety and security. Work includes the installation of new and/or renovation of existing shoreside facilities and marine structures to accommodate cargo and baggage handling, vessel mooring, passenger and vehicle access gangways, and upgrades to wastewater treatment systems.
