Alaska Department of Fish & Game
1255 W. 8th Street
P.O. Box 115526
Juneau, AK 99811-55526

Dear Mr. Rabung,

As we have discussed, PSPA agrees to continue to work with the Alaskan seafood processing sector to provide matching funding of up to \$500,000 annually for the Research Program to Address Interactions of Wild and Hatchery Pink and Chum Salmon in Prince William Sound and Southeast Alaska, as funds are available, through June of 2024.

Please advise if we can provide any further support for this important work, or for the Department.

Best regards,

Glenn Reed
President
