**Brief Summary and Statement of Need:**

This request amends the original Governor's FY2018 capital budget request by removing \$1,861,964 for a new requested total of \$1,378,346. This change is due to updated revenue estimates for FY2018, which results in FY2018 National Petroleum Reserve - Alaska (NPR-A) recommended awards to communities being lower than the estimate provided in the original Governor's FY2018 capital request. The NPR-A program provides grants to communities for public facilities and services. Priority is given to those communities directly or severely impacted by the leases and development of oil and gas within the NPR-A. Funding comes from the federal government as a share of the funds received on leases issued within NPR-A.

**Project Description/Justification:**

As authorized December 12, 1980, by 42 USC Chapter 78, Sections 6501-6508, the federal government, through the US Department of the Interior, Bureau of Land Management (BLM) manages and allows the exploration and development of oil and gas within the NPR-A. In accordance with 42 USC § 6508, 50 percent of the money received by the federal government from the "sales, rentals, bonuses, and royalties on leases issued . . ." within the NPR-A is paid to the State of Alaska.

As required by AS 37.05.530, regulations (3 AAC 150.010 – 150.090) were adopted establishing the NPR-A Impact program which allow municipalities impacted by oil and gas development in the NPR-A

to apply for grant assistance to alleviate the impact. Grant applications are considered in accordance with:

- AS 37.05.530(c), participation is limited to municipalities.
- AS 37.05.530(c), (d), and (e), municipalities must demonstrate present impact or the need to determine or plan for future impact.
- AS 37.05.530(c), priority is given to municipalities that are experiencing or will experience the most direct or severe impact from oil and gas development.
- AS 37.05.530(e), municipalities may use the funds to alleviate the impact of the oil and gas development only for the following activities and services: (1) planning; (2) construction, maintenance, and operation of essential public facilities by the municipality; and (3) other necessary public services provided by the municipality.
- AS 37.05.530(f), funds may not be used for the retirement of municipal debt.
- 3 AAC 150.050(c), impact is defined as an effect reasonably attributable to NPR-A oil and gas activities under 42 USC § 6508 on (1) population; (2) employment; (3) finances; (4) social and cultural values; (5) air and water quality; (6) fish and wildlife habitats; (7) the ability to provide essential public services, including health care, public safety, education, transportation, utilities, and government administration; and (8) other things of demonstrable importance to the applicant or the applicant's residents.

As required by Alaska Statute (AS) 37.05.530(g), NPR-A funds received that are not appropriated for the NPR-A Impact program are deposited as follows:(1) 25 percent to the principal of the Alaska Permanent Fund; (2) .5 percent to the Public School Trust Fund (AS 37.14.110); and (3) the remaining amount may be appropriated to the Power Cost Equalization and Rural Electric Capitalization Fund (AS 42.45.100).
