<p>The Department of Public Safety (DPS) is responsible for the state's central repository of criminal history record information. The Statewide Information Technology Services (SWITS) component has received increased federal grant funding to coordinate, administer, and monitor funds for the Criminal Records and Identification Bureau that provide improvement to the timeliness, accuracy, utility and interstate accessibility of criminal history records systems and their use for criminal history background checks.</p> <p>Increase federal receipt authorization for FY2017 will allow the department to capture National Criminal History Improvement Program (NCHIP) and NICS Act Record Improvement Program (NARIP) federal grant money that will expire. The funding will be used to purchase validation software, replace outdated "Live Scan" fingerprint equipment, the cost of installing them in the highest volume court houses in Alaska, as well as three Alaska Court System (ACS) positions to continue to improve the quality of criminal history disposition. These improvements will continue to promote data exchange standards between criminal justice agency systems which has an immediate positive effect on reducing the number of felony convictions without fingerprints and reduce the time between collection and submission of criminal fingerprints from days or weeks to minutes or hours.</p> <p>A \$600.0 increase is included in the FY2018 Governor's budget.</p>
