**Brief Summary and Statement of Need:**

Federal airport improvements as outlined in the Airport Improvement Program and the International Airports Program. The Airport Improvement Program (AIP) provides grants to public entities, like the State of Alaska Department of Transportation and Public Facilities (DOT&PF), for planning and development of public-use airports. Eligible projects include those improvements related to enhancing airport safety, capacity, security, and environmental concerns. In general, sponsors can get AIP funds for most airfield capital improvements or rehabilitation projects and in some specific situations, for terminals, hangers, and nonaviation development. Certain professional services that are necessary can also be eligible.
