Appropriation: National Petroleum Reserve - Alaska Impact Grant Program

Brief Summary and Statement of Need:

This request amends the original Governor’s FY2019 capital budget request by adding allocation level funding of \$187,500. This change is due to the timing of approval of individual National Petroleum Reserve – Alaska grants. This project will monitor broad whitefish, especially for presence of mold, on the Colville River by recording catch from subsistence caught specimens and deploy real-time data loggers to monitor temperature on the river in six locations from break-up to October. Grant funds will pay for labor, fringe benefits, contractual services, materials, supplies, freight, travel, and 25% administration.
