

State of Alaska FY2019 Governor's Operating Budget

Department of Health and Social Services Adult Public Assistance Component Budget Summary

Component: Adult Public Assistance

Contribution to Department's Mission

Provide financial assistance for basic living expenses to needy elderly, blind, or disabled Alaskans in order for them to remain as independent as possible in the community.

Core Services

- Accept applications for assistance and make timely and accurate eligibility decisions to ensure qualified individuals receive income support and access to medical care that allows them to remain as independent as possible in the community.

Major Component Accomplishments in 2017

Continued Interim Assistance program savings through the medical review process. The review process shows that individuals approved to receive Interim Assistance are likely to meet the Social Security definition of disability and qualify for Supplemental Security Income.

Key Component Challenges

The Division of Public Assistance's Memorandum of Agreement with Social Security mandates the division do not decrease expenditures for this program. If the division fail to meet the Memorandum of Agreement requirement, the division may lose Medicaid funding as this component's general fund expenditures support the maintenance of effort for Medicaid.

Significant Changes in Results to be Delivered in FY2019

The Adult Public Assistance program will provide services and supports to an increasing number of elderly and disabled Alaskans as the demographics of Alaska's population change. During FY2017 a total of 21,480 unduplicated recipients received Adult Public Assistance benefits. This was an increase of 327 recipients from FY2016.

Strengthened collaboration with the Division of Vocational Rehabilitation and the Governor's Council on Disabilities and Special Education to increase the number of recipients with disabilities that are employed.
