<b>Transfer Protective Services Specialist IV (06-3711) as Safety Officer from Front Line Social Workers</b>

Transfer a full-time, range 20, Anchorage Protective Services Specialist IV from Front Line Social Workers to Children's Services Management component as a full-time, range 20, Anchorage Safety Officer without a transfer of funds.

The Office of Children's Services (OCS) is receiving an increase in threats to employees and Occupational Safety and Health Administration (OSHA) complaints. OCS Management and Human Resources do all they can to address obvious health and safety issues and respond to OSHA complaints as they arise, but neither group has the resources to proactively address the issue or the requisite expertise to implement best practices. A dedicated, full-time safety officer who is an expert in workplace safety can help the division eliminate and/or mitigate risks in a cost effective manner.

This individual will:

Work with each of the division's 25 office locations to ensure safety plans are up to date and that all staff are aware of what to do in the event of an emergency.

Develop and deliver initial hire safety training to all new employees and provide periodic refresher training to existing employees.

Investigate formal and informal safety complaints and represent the division in administrative proceedings.

Provide litigation support to the Department of Law when OCS is involved in litigation relating to workplace safety issues.

Participate in Labor-Management Committee meetings. These meetings give front-line employees and their union representatives a voice in OCS safety issues. Ensuring their participation will help management address safety issues at the lowest (and lowest cost) levels possible. These meetings also provide employees the opportunity to present safety concerns, which can result in fewer costly formal complaints to agencies like OSHA and AKOSH.

Identify cost-effective solutions to safety problems. For instance, inexpensive technology and free administrative fixes can often solve safety problems that would otherwise necessitate building remodels. Experienced safety professionals can readily identify such low or no-cost fixes.

<p>Partner with outside agencies to ensure workers have adequate resources in the most remote locations. The position can coordinate with local law enforcement agencies and tribes to make sure workers have adequate resources and safety plans in rural communities with no state office. Currently, employees may be stuck with nowhere to seek shelter and safety in the event of a violent threat in such a village.</p> <p>Coordinate with other State of Alaska departments that have resources in remote locations (such as office space to sleep in or vehicles to borrow). One of our current problems involves employees being stuck outside in sub-zero temperatures when rides from non-SOA personnel fall through.</p> <p>Coordinate with Human Resources to ensure accountability with regard to workplace safety.</p>
