# State of Alaska FY2020 Governor's Operating Budget

Department of Public Safety
Criminal Justice Information Systems Program
Component Budget Summary

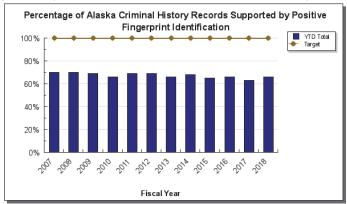

### **Component: Criminal Justice Information Systems Program**

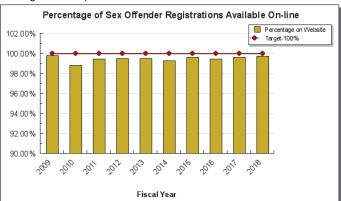

### **Contribution to Department's Mission**

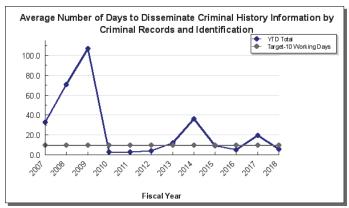

Provide and maintain centralized criminal record and identification information.

#### Results

(Additional performance information is available on the web at https://omb.alaska.gov/results.)

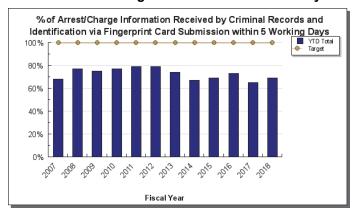

#### **Core Services**

- Ensure arrest/charge information is received by the repository within five working days.
- Ensure sex offenders known to the Department of Public Safety have provided required information.
- Reduce the instances of missing disposition information for criminal cases over two years old.

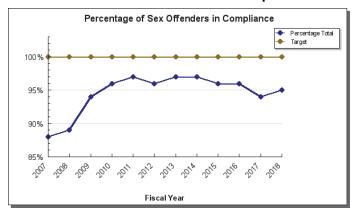

#### Measures by Core Service

(Additional performance information is available on the web at https://omb.alaska.gov/results.)

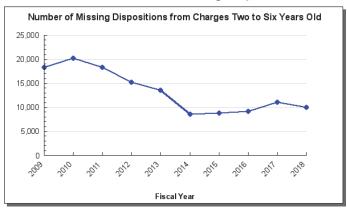

1. Ensure arrest/charge information is received by the repository within five working days.

2. Ensure sex offenders known to the Department of Public Safety have provided required information.

3. Reduce the instances of missing disposition information for criminal cases over two years old.

### Major Component Accomplishments in 2018

- Ten aging and non-supported Live Scan systems were replaced in booking facilities throughout the state. The
  new systems allow for the collection of fingerprints, palm prints, signatures, and photographs. Bureau staff
  assisted with the installation of these systems and provided Alaska-specific training to booking officers.
- The Criminal Justice Information Systems Program (CJISP) Security Team made significant progress in ensuring compliance with state and federal criminal justice information systems security policies. The team saw a nearly 19

percent increase over FY2017 in the number of security clearances for criminal justice employees, contractors, and information technology staff. The team developed and implemented 10 of approximately 150 non-criminal justice CJIS User Agreements with customers requesting criminal history record background checks for employment and licensing purposes.

### **Key Component Challenges**

Providing timely and accurate crime reporting statistics is critical for the Department of Public Safety (DPS), both in crime trend analysis and to assist in effective resource deployment. Many federal programs require timely uniform crime reporting and state statute requires various crime and statistical reporting. While technology has improved DPS' ability to capture much more detailed information related to crime in Alaska, there is an increased need to have trained personnel to provide quality review of the data, correctly audit crime classification of the data, and to timely report the data. DPS will fill six new positions in FY2019 and will begin the process of training these positions in the scoring of the National Incident Based Reporting System (NIBRS), with the goal of collecting NIBRS data from all 32 reporting agencies by the national deadline of January 1, 2021.

A recent U.S. Supreme Court ruling clarified certain misdemeanor crimes of domestic violence convictions which disqualify individuals from the transfer or possession of firearms. The Criminal Justice Information Systems Bureau (Bureau) received a grant which will allow the employment of four temporary employees to obtain case information on known domestic violence convictions and to determine if the perpetrator meets federal domestic relationship standards, triggering the prohibition. Once identified, disqualified individuals will have their descriptive information entered into the Nationals Instant Check System (NICS) Indices.

### Significant Changes in Results to be Delivered in FY2020

The Bureau will continue building the project and allow for the collection and reporting of more robust crime statistics.

The Bureau will ensure that subjects disqualified under federal law from possessing or transferring firearms are unable to purchase those firearms.

### Statutory and Regulatory Authority

| Al | K STATUTE    | AAC           | SHORT TITLE   |
|----|--------------|---------------|---|
