**Brief Summary and Statement of Need:**

The Supplemental Housing Development Program provides funds to supplement federal (Housing and Urban Development) funds to construct decent, safe, and sanitary housing through regional housing authorities. Funds are used to cover housing development costs related to water distribution, sewer hookups, electrical distribution systems, road construction to project sites, site development, and energy efficiency improvements. State laws limit the use of these funds to 20% of the United States Department of Housing and Urban Development's total development cost per unit. These funds are prohibited from being used for administrative or other costs of the housing authority.

 Released August 8, 2019

Supplemental Housing Development Program utilizes Corporate (AHFC) funds and State General Funds to supplement Federal (HUD) funds to construct decent, safe and sanitary housing through regional housing authorities. These funds are prohibited from being used for administrative or other costs of the housing authority.

AHFC may not contribute more than 20 percent of HUD's total development cost of a project. Housing authorities may not use Supplemental program funds for any purpose other than on-site water and sewer facilities, roads to project sites, electrical distribution systems, and energy-efficient design features in homes.

**The projected outcomes are:**

- Construction of affordable homes in up to 20 urban and rural communities;
- Build on-site water and sewer facilities;
- Provide energy-efficient design features in homes;
- Construct roads to project sites;
- Provide electrical distribution systems;
- Retrofit homes to provide a safe, healthy, workable home environment; and
- Provide clients with new safe, energy efficient, comfortable housing.
