Prior Funding History / Additional Information:

Funding is needed to cover ineligible (not covered by federal partners) surface transportation related activities such as damage assessments, administration and sites where repair will be less than the \$5,000 minimum requirement by our federal partners.

Project Description/Justification:

This earthquake, and the following aftershocks, have caused widespread and severe damage to major highways and important community roads, bridges, and other transportation infrastructure as well as public building facilities. For example: sections of the Glenn Highway, the Parks/Glenn Interchange, the Parks Highway, the Kenai Spur Highway, and the Seward Highway have all experienced major damage. The Minnesota/International Airport road had experienced damage to two exit ramps.

Funding is needed to cover ineligible (not covered by federal partners) surface transportation related activities such as damage assessments, administration and sites where repair will be less than the \$5,000 minimum requirement by our federal partners.

FY2019 Supplemental Capital Budget Amendment (HB 53 / SB 38)

Add section 2(d) as follows:

* Sec. 2. DEPARTMENT OF TRANSPORTATION AND PUBLIC FACILITIES. (d) The sum of \$1,000,000 is appropriated from the general fund to the Department of Transportation and Public Facilities, for non-covered surface transportation costs caused by the southcentral earthquake not reimbursed by our federal partners.

<p>Federal grant authority is needed to support Disaster Unemployment Assistance (DUA) benefit payments. As a result of the earthquake in Southcentral Alaska that occurred on November 30, 2018, a subsequent major disaster declaration has authorized federal aid for the DUA program to individuals whose employment or self-employment has been lost or interrupted as a direct result of a major disaster and who are not eligible for regular unemployment insurance benefits. The DUA period covers 35 weeks starting December 2, 2018 and ending August 3, 2019. At this time, the department does not know exactly how much the benefit payments will total and exactly how much will be paid out in FY2019 versus FY2020. If the total amount of DUA benefit payments exceeds \$2 million, the department will not have sufficient federal authorization. This supplemental request is necessary to ensure sufficient federal receipt authority to process DUA benefit payments.</p>

FY2019 Supplemental Operating Budget Amendment (HB 53 / SB 38)

Add a new section as follows:

* Sec. XX. DEPARTMENT OF LABOR AND WORKFORCE DEVELOPMENT. The amount of federal receipts received for disaster unemployment assistance benefit payments during the fiscal years ending June 30, 2019, and June 30, 2020, estimated to be \$1,000,000, is appropriated to the Department of Labor and Workforce Development, unemployment insurance allocation.
