<b>Add Three College Interns (25-IN1427; IN1701; IN1702) for Information Technology Support</b>												
	PosAdj	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	3

The department regularly uses student, college, and graduate interns under partnership agreements with high schools and colleges within the state. This provides training and real work experience to students pursuing a course of study in a field related to the job duties assigned.

Positions being brought on budget:

- College Intern I-IV Flex position, 25-IN1427, non-permanent, range 8-12, EE (Executive Branch), Juneau
- College Intern I-IV Flex position, 25-IN1701, non-permanent, range 8-12, EE, Fairbanks
- College Intern I-IV Flex position, 25-IN1702, non-permanent, range 8-12, EE, Fairbanks

<b>Transfer Commodity Staff to Department of Administration for Centralized Office of IT Program Alignment</b>												
	AtROUT	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	-15	0	0

The Department of Transportation and Public Facilities is transferring 15 positions to the centralized Office of Information Technology organization within the Department of Administration. This transfer completes the commodity services staff transfer phase of the implementation of a centralized information technology organization. The department anticipates further realignment of information technology staff (specifically line of business staff) into FY2021.

The Department of Administration created a centralized Office of Information Technology (IT) to better align the State of Alaska's IT organizations. The purpose of this centralization is to deliver the lowest cost for commodity services by leveraging the purchasing power of the State as a single organization; and realigning department IT organizations to a Chief Information Officer (CIO) responsible for all technology-related strategy and operations within the State.

Budget authority is retained by the department to pay for a service level agreement with the Office of Information Technology for the cost of the transferred position. Savings are anticipated to be realized in future fiscal years as further realignment occurs.

The following positions are transferred to the Office of Information Technology organization:

<b>Office of Information Technology Salary Adjustment Billed to Agencies</b>												
	SalAdj	43.8	0.0	0.0	43.8	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		43.8										
The Office of Information Technology (OIT) supports staff through billable rates charged to state agencies. This increase supports the portion of OIT salary adjustments agreed to through the GGU and SU contract negotiations, which will be billed to executive branch agencies. Agencies pay the billable rates to OIT through a variety of fund sources. This increment has been adjusted down to remove the portion of rates that will be paid through non-general fund sources.												
<b>Alaska Marine Highway Transition</b>												
	Dec	-552.2	0.0	0.0	0.0	0.0	0.0	0.0	-552.2	0	0	0
1076 Marine Hwy		-552.2										
This transaction is a result of a reduction in weeks of service. The department will enlist the assistance of a qualified marine consultant to identify potential reductions of the State's financial obligation and/or liability as they relate to the Alaska Marine Highway System (AMHS). The project will include an analysis of options available for reshaping the system, such as through a public/private partnership, and a determination of the various options' feasibility, with targeted implementation by July 1, 2020. The ongoing trend of a less than 35% fare box recovery rate coupled with low passenger and vehicle ridership has contributed to making the AMHS an increasingly expensive system to operate. AMHS will move towards other service options to realize short and long-term cost savings for state government and to promote economic growth in affected regions of the state.												
<b>Align Authority for Centralized Office of Information Technology Reimbursable Services Agreement</b>
