**Brief Summary and Statement of Need:**

This appropriation will allow us to make use of the Industrial Use Highway funds. Proposed uses include:

- **Surface preservation:** Due to the long and heavy loads traveling along this roadway increased deterioration of asphalt and gravel surfaces can occur. The funding will be utilized for chip seal activities, pothole patching, grading, and replacement of worn stretches of asphalt. Additionally, guardrail repairs and replacement are needed for increased safety of the travelers of the roadway.
- **Signage:** Highway markers, delineators or raised pavement markings, and snow condition index markers.

**Prior Funding History / Additional Information:**

This capital project replaces the 02/13/2019 capital project to move funding from Other Statutory Designated Program Receipts (SDPR) to DGF General Fund Program Receipts.

**Project Description/Justification:**

The Klondike Highway from Skagway to the Canadian Border is designated as an industrial use highway. Traveling vehicles that exceed the weight or length limitations are assessed an additional fee for the increased wear and maintenance of the roadway.

This amendment moves funding from Statutory Designated Program Receipts to General Fund Program Receipts.
