Replace capital improvement project (CIP) receipt authority with federal receipt authority and statutory designated program (SDPR) receipt authority with interagency receipt authority to align with anticipated revenue and expenditures.												
The Subsistence section has excess CIP authority due to a decline in capital projects such as the Chinook Salmon initiative and excess SDPR authority due to a decline of projects like Patterns and Trends in Salmon Fishing on the Yukon River. The Subsistence section needs additional federal and interagency receipt authority to support projects such as federal research contracts and awards from Division of Wildlife Conservation.
