

State of Alaska FY2021 Governor's Operating Budget

Department of Health and Social Services Work Services Component Budget Summary

Component: Work Services

Contribution to Department's Mission

Support and promote the efforts of Temporary Assistance recipients to attain economic self-sufficiency through employment.

Core Services

- Contracts and grants to deliver welfare to work services. Services include job readiness and placement, job retention and advancement services, job development and coaching, case management, transportation assistance and other support services for temporary assistance recipients.
- Assist program participants with gaining paid employment at the earliest opportunity.
- Support initiatives to promote and support family self-sufficiency, including screening for and referral to specialized services and other benefit programs that reduce dependence on temporary assistance benefits.
- Provide wage subsidies to employers who create new jobs and hire welfare recipients to fill the positions.
- Provide employment and training services to Supplemental Nutrition Assistance Program recipients.
- Develop employer-based, short-term training opportunities for in-demand occupations for welfare recipients.
- Promote employer and community involvement in welfare to work efforts.
- Reduce prevalence of out-of-wedlock and teen pregnancies, including educational strategies around prevention of statutory rape.
- Support partnership within the Department of Health and Social Services and with community agencies to coordinate services that promote the self-sufficiency, safety, health, and well-being of Temporary Assistance recipients.
- Work First remains a critical part of temporary assistance helping parents, who are able to work full-time, get a job immediately, while also ensuring those parents unable to go to work full-time have the services and resources they need to go to work as soon as possible.

Major Component Accomplishments in 2019

- Collaboration with Native Employment Work Services with Alaska Native organizations to develop work and work experience activities for parents participating in the Alaska Temporary Assistance Program.
- The two-parent participation rate increased from 51 percent in FY2018 to 62 percent in FY2019.

Key Component Challenges

- Providing meaningful work activities and promoting employment opportunities for families living in rural regions of the state where there are fewer permanent full-time jobs.
- Building stronger interagency collaborations to better integrate services for shared customers and increase administrative efficiency and service effectiveness.
- Developing work, work experience, and subsidy-supported employment opportunities in remote communities to increase self-sufficiency opportunities and meet federal work participation rates.
- Implementing and sustaining strategies that provide enhanced services and support self-sufficiency for families with multiple or profound challenges to economic self-sufficiency, such as functional impairments and unrecognized disabilities.
- Meeting the federal expectation of 90 percent of two parent families meeting the participation rate.

Significant Changes in Results to be Delivered in FY2021

- Supporting appropriate access to Social Security and other non-time limited benefits for disabled Alaska Temporary Assistance Program adults unable to go to work.
- Changing the funding formula to encourage work services contractors and grantees to ensure their two parent families are in countable work activities.
- Expanding the Supplemental Nutrition Assistance Program Education and Training program to serve more

Alaskans in communities across the state.
