**Brief Summary and Statement of Need:**

Department of Public Safety (DPS) currently uses the Motorola XTS5000 P25 portable radios which are Alaska Land Mobile Radio (ALMR) capable with and without encryption. Motorola announced in May 2013 that they would cease repairing and servicing the XTS5000 P25 radios at the end of 2018. Agencies have been unable to purchase replacement radios. The timeframe for the exchange program has passed and Motorola no longer accepts trade-ins. The new APX8000 P25 portable will cost approximately \$7,000 per unit including new antennas, hand microphones, and installation of the necessary programs. There is a related request in FY2021 to address further needs.

**Project Description/Justification:**

DPS currently uses the Motorola XTS5000 P25 portable radios which are ALMR capable with and without encryption. Motorola announced in May 2013 that they would cease repairing and servicing the XTS5000 P25 radios at the end of 2018. Agencies have been unable to purchase replacement radios. The new APX8000 P25 portable will cost approximately \$7,000 per unit including new antennas, hand microphones, and installation of the necessary programs. DPS has an immediate need for 50 portable radios to outfit the incoming class of Trooper recruits in FY2020. The current portable radio fleet is in break-fix mode, which requires scavenging older units to keep newer units operational.
