Prior Funding History / Additional Information:

This project will replace two medium class vessels within the fleet - \$1,000.0.

Project Description/Justification:

The Division of Alaska Wildlife Troopers houses the Marine Enforcement Section of the Department of Public Safety (DPS). The Marine section is comprised of vessels ranging in size from small skiffs to medium Class Vessels (25'-50' in length), and large vessels (over 50'). Ensuring that a sufficient number of vessels are always in a mission ready state is paramount for the public safety of the citizens of the State of Alaska.

Replace two medium class vessels that were decommissioned in 2019 due to not being seaworthy and were deemed unsafe. The Large/Medium Class Vessels are critical in protecting life, health, and safety in Alaska. Preventing failure of these assets requires that preventative maintenance be scheduled and completed in a timely manner. If this request is not approved, service levels may be diminished with slower law enforcement response.
