# **RDU/Component: AMBBA Operations**

### **Contribution to Department's Mission**

The mission of the Alaska Municipal Bond Bank is to provide municipalities with financing options for capital projects.

### Results

(Additional performance information is available on the web at https://omb.alaska.gov/results.)

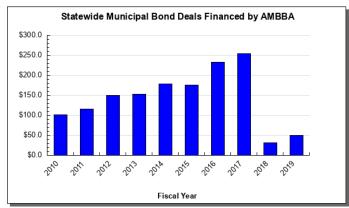

#### **Core Services**

• Provide expertise and the lowest cost financing for Alaska's authorized borrowers that either diminish administrative burden of borrower, diminish the cost of borrowing, or both.

### **Measures by Core Service**

(Additional performance information is available on the web at https://omb.alaska.gov/results.)

1. Provide expertise and the lowest cost financing for Alaska's authorized borrowers that either diminish administrative burden of borrower, diminish the cost of borrowing, or both.

## Major Component Accomplishments in 2019

- \$4.3 million in estimated savings to Alaskans through lowered borrowing cost and by design, due to modest loan activity, constrained operating expenses to \$684,379.
- Entered into nine loan agreements to fund approximately \$50.4 million in loans.

FY2021 Governor	Released January 2, 2020
Department of Revenue	Page 2

- Issued approximately \$44.2 million in bonds that generated \$49.8 million and provided a \$0.6 million direct loan, providing a total of \$50.4 million in funding for Alaskan projects.
- Increased total net position by \$3.3 million.

## **Key Component Challenges**

- Managing the cost of maintaining required reserve funds. Reserve funds are funded through the use of borrowed funds, equity contributions, and surety policies. Earnings rates on funds in the reserve have been insufficient to pay debt service on borrowed funds in recent years and resulted in draws on equity.
- Maintaining the Bond Bank's credit ratings. As of October 22, 2019, S&P rates the Bond Bank program at 'AA-' with Stable Outlook, and Fitch rates the Bond Bank program at 'A+' with Outlook Stable, which are one notch off of the respective State of Alaska general obligation bond credit ratings. If the State continues to experience credit rating deterioration the value of the Bond Bank program will diminish.
- Limited authority to lend to Regional Health Organizations has resulted in financings being conducted outside the program. In many instances, the current statutory administrative limitations result in more administrative cost than the benefit of use of the Bond Bank program provides.

### Significant Changes in Results to be Delivered in FY2021

Review potential broadening of statutory authority of the Bond Bank to better serve existing user base.

### **Statutory and Regulatory Authority**

AS 44.85 Alaska Municipal Bond Bank Authority
