

State of Alaska
FY2022 Governor's Operating Budget

**Department of Commerce, Community, and Economic
Development**
Corporations, Business and Professional Licensing
RDU/Component Budget Summary

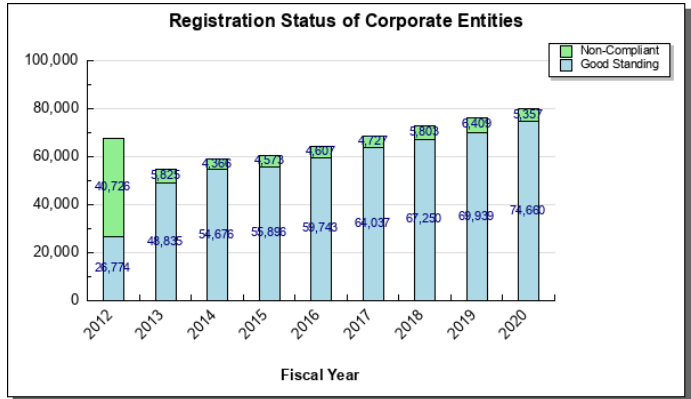

RDU/Component: Corporations, Business and Professional Licensing

Contribution to Department's Mission

Inspiring public confidence through balanced regulation of competent professional and business services.

Results

(Additional performance information is available on the web at <https://omb.alaska.gov/results>.)

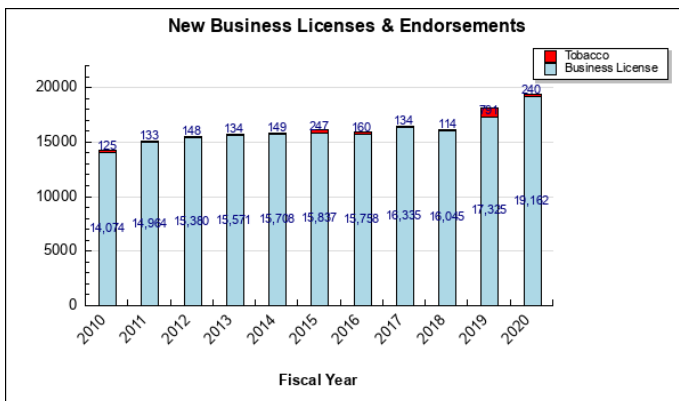

Core Services

- License businesses to engage in commerce in Alaska, and grant endorsements for sale of tobacco products, electronic smoking products, or products containing nicotine.
- Administer 43 professional licensing programs; 22 of these are managed solely by the division, and 21 are governed by boards and commissions with divisional administrative and investigative support.
- Register Corporations and Trademarks for entities engaged in commerce in Alaska
- Provide the means to file a complaint or bring a matter pertaining to actions of a licensed or unlicensed professional or business to investigative staff.

Measures by Core Service

(Additional performance information is available on the web at <https://omb.alaska.gov/results>.)

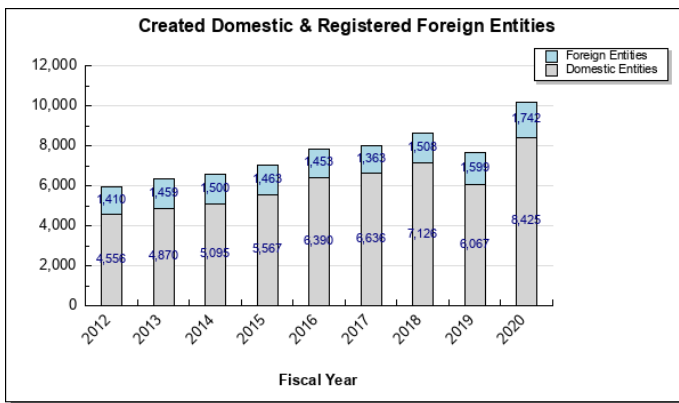

1. License businesses to engage in commerce in Alaska, and grant endorsements for sale of tobacco products, electronic smoking products, or products containing nicotine.

2. Administer 43 professional licensing programs; 22 of these are managed solely by the division, and 21 are governed by boards and commissions with divisional administrative and investigative support.

3. Register Corporations and Trademarks for entities engaged in commerce in Alaska

4. Provide the means to file a complaint or bring a matter pertaining to actions of a licensed or unlicensed professional or business to investigative staff.

Major Component Accomplishments in 2020

The division and its professional licensing boards moved quickly to alleviate COVID-19 pressures on health care in Alaska.

- Nearly a dozen boards acted to expedite licensure for qualified applicants, reduce continuing education requirements, extend renewal deadlines, increase access to telehealth, and reduce red tape created by existing in-person licensing requirements.
- The division facilitated expedited licensing for professionals volunteering in Alaska to assist with healthcare

- needs in a voluntary capacity, particularly efforts led by DHSS and DEED.
- Through partnership with DPS and as a member of a national compact, applicants could use alternate identification in lieu of fingerprints for a limited period.
- A weekly meeting of all health care board chairpersons created a collaborative opportunity to share information and ideas during the crisis.

The accomplishments of the Professional Licensing Section showcase wise use of technology to improve the customer experience, reduce customer wait times, and optimize staff time-on-task:

The division continued to develop and launch initial online professional licensing applications.

- 34 professional license types now have online application options.
- Applying online will allow people seeking licensure in Alaska to upload documents, communicate in-app with staff, and track whether mandatory submissions from outside sources—such as educational institutions or other licensing jurisdictions—have been received.
- Online initial applications provide convenience for applicants and reduce amount of phone calls and emails to staff, leaving our employees with more time to process applications.
- During March of 2020, the Professional Licensing Section rapidly launched over 10 online emergency courtesy license types for healthcare licensees, allowing them to respond to the COVID-19 pandemic in Alaska.

70,149 professional license holders (79.8%) are now registered for the MY LICENSE online management service.

- Licensees have self-service access to track application status, update their personal information, and perform other tasks on demand.
- 54,527 professional license holders (69%) have opted-in to receive email correspondence. This allows the division to save time and money in communicating with licensees.

With a focus on public safety, the Investigation Section has continued to streamline case management and improve quality control:

- Collaboration with federal agencies including the FBI and DEA, and state agencies such as the Department of Law's Medicaid Fraud Control Unit, has yielded several high-profile revocations of licenses from unsafe health care providers.
- During FY2020 the number of cases opened increased by 3% while the number of cases closed increased by 7%.
- The records management system is undergoing integrated enhancements to further automate administrative tasks and reports, increasing the efficiency of investigators and supervisory staff and improving information provided to professional licensing board members.
- The unit transitioned to teleworking during the pandemic, reducing use of consumable state resources and improving time-on-task.

Ongoing efforts by the Corporations and Business Licensing Section have prevented business disruption due to entity noncompliance:

- Corporations and Business Licensing smoothly managed the Governor's fee suspensions to support Alaska's economy during the COVID-19 emergency declaration.
- By proactively helping corporate entities on record obtain and maintain good standing with this division, the number of non-compliant entities has decreased from 26,944 (40%) in FY12 to 5357 (7%) in FY2020.
- By proactively reaching out to non-compliant limited partnerships (LPs) to bring them into compliance, the number of non-compliant LPs went from 1426 (40%) in FY2019 to 366 (11%) in FY2020.

Key Component Challenges

Though the division is constantly rethinking and reevaluating staffing models, streamlining, and increasing wise use of technology, there is zero margin among our staff. If a position is vacant, or if an employee is sick or on leave, there is usually no redundant staff person to easily pick up their work. The high volumes of communications with licensees in certain professions must be set aside temporarily during certain times of the year, like renewals, exams, or board meetings.

Striving to maintain high service levels, including increasing efficiencies for licensees, is difficult with high volume workloads and limited staff. With supervisors managing up to seven direct reports and multiple boards or programs, ensuring quality control in work product and in human resources matters is a constant challenge.

Increasing license reciprocity will improve public health—as seen during the COVID-19 emergency declaration—and decrease licensing wait times for health care providers.

Significant Changes in Results to be Delivered in FY2022

Online initial applications should be available for most licensing programs by the end of FY2022. This will provide efficiencies for both the applicant and division staff, as noted above.

The division's quest to enact legislative and regulatory changes supporting "right-touch regulation" should continue significant progress. This initiative is designed to streamline the licensing process for all applicants and remove artificial barriers to entry into regulated professions.

Statutory and Regulatory Authority

Add Investigator Positions for the Prescription Drug Monitoring Program (PDMP)												
	PosAdj	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	3	0	0
Add one Investigator III (range 18) and two Investigator II (range 16) positions in Anchorage to manage the increasing workload for the Prescription Drug Monitoring Program (PDMP).												
Currently 16 program Investigators handle approximately 1,500 investigative cases per year across 43 various professions, including 21 boards. Each Investigator carries a full workload, and health care program investigations are often more complex. The overwhelming volume of the PDMP cases being referred to the investigative unit will ultimately number in the thousands, which will be spread across six health care professions.												
The workload for these program Investigators will increase threefold to carrying an average of 115 – 120 cases. Due to the compounding workload of the additional cases, the time sensitive demands of each investigation will falter resulting in severely delayed dispositions. Ultimately this could affect public safety.												
These positions will be funded by a combination of licensing receipts and interagency receipts from federal grants received by the Department of Health and Social Services.

Inter-Agency Receipts for Annual Operating and Maintenance Costs for the Prescription Drug Monitoring Program Software

Change Record Detail - Multiple Scenarios with Descriptions
Department of Commerce, Community, and Economic Development

Component: Corporations, Business and Professional Licensing (2360)

RDU: Corporations, Business and Professional Licensing (117)

Scenario/Change Record Title	Trans Type	Totals	Personal Services	Travel	Services	Commodities	Capital Outlay	Grants, Benefits	Miscellaneous	Positions		
										PFT	PPT	NP
1007 I/A Rcpts	Inc	500.0	0.0	0.0	500.0	0.0	0.0	0.0	0.0	0	0	0
Add inter-agency receipt authority for on-going maintenance costs for the Prescription Drug Monitoring Program (PDMP) software.												
The Division of Corporations, Business, and Professional Licensing has worked closely with the Department of Health and Social Services (DHSS) on multiple federal grant applications to secure funding to support the PDMP. As a result, the Division, through DHSS, has been granted multiple federal awards that will support portions of the PDMP software. This inter-agency receipt authority will allow the Department to budget for receipt of those funds.												
Federal funding for these programs will ensure that the financial burden of the PDMP, which serves a statewide public health and safety need, is not shouldered solely by Alaska healthcare providers. If federal funds are not received, the Division would instead fund the PDMP through professional licensing fees charged to licensees in the medical licensing fields (dental, medical, nursing, optometry, pharmacy, veterinary, etc.).												
Inter-Agency Receipts for Personal Services for the Prescription Drug Monitoring Program												
1007 I/A Rcpts	Inc	180.0	180.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
Add inter-agency receipts to support personal services for the Prescription Drug Monitoring Program (PDMP), including the PDMP Program Coordinator (08-2117) and a portion of other licensing positions in the Division that support the program.												
The Division of Corporations, Business, and Professional Licensing has worked closely with the Department of Health and Social Services (DHSS) on multiple federal grant applications to secure funding to support the PDMP. As a result, the Division, through DHSS, has been granted multiple federal awards that will support personal services related to the PDMP. This inter-agency receipt authority will allow the Department to budget for receipt of those funds.												
Federal funding for these positions will ensure that the financial burden of the PDMP, which serves a statewide public health and safety need, is not shouldered solely by Alaska healthcare providers. If federal funds are not received, the Division would instead fund the PDMP through professional licensing fees charged to licensees in the medical licensing fields (dental, medical, nursing, optometry, pharmacy, veterinary, etc.).
