This RPL was approved by the Legislative Budget and Audit Committee on May 11, 2020.												
Through the Federal CARES Act \$300,000,000 is being allocated to the National Fisheries Marine Service who will distribute funding to States to provide assistance to subsistence, charter/guide, and commercial fishery participants affected by COVID-19. The Alaska Department of Commerce, Community, and Economic Development (DCCED) is expecting to receive \$100,000,000 to distribute to Alaskan fishery participants and will coordinate closely with the Department of Fish and Game in coordination of the program. DCCED does not know the exact impact of COVID-19 on the Alaska fisheries but is expecting substantial reductions in revenue for the charter/guide and commercial fishery sectors and potential limitations on harvest opportunities for subsistence fisheries. The CARES Act funding will benefit Alaska fishery participants who have incurred losses as a direct or indirect result of COVID-19.

Unrestricted general funds in Administrative Services offset core-services billings for general funded components. In FY2022, unrestricted general fund offsets to divisions will be reduced and as a result some general funded divisions will pay for a larger portion of their billings. This change is anticipated to result in additional charges to the Division of Community and Regional Affairs to the Alaska Energy Authority through the Alaska Industrial Development and Export Authority's billing.

		101.0										
Add receipt authority to support the full-time Financial Registration Examiner position (former 08-N18005). This position has been funded by a variety of savings from long-term vacancies in recent years. However, funding from vacancy savings is no longer sustainable as the Division is fully staffed.												
This position is funded by general fund program receipts, which are assessed to industries to cover the cost of regulation. DBS contributed approximately \$15.0 million in fees collected to the general fund in FY2020.												
<b>Adjust Long-Term Non-Permanent Financial Registration Examiner (08-N18005) to Permanent Full-Time</b>												
	PosAdj	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	1	0	-1
The Division of Banking and Securities (DBS) established this long-term non-permanent Financial Registration Examiner position in September 2018 to support licensing and registration activities within the Division. It has become apparent the work this position is performing is permanent, and the position should be modified to reflect the continuing work.												
DBS is statutorily required to license or register businesses and individuals working in regulated financial industries. Applications for small loan companies increased 50% in FY2018 and an additional 25% as of FY2020. Canadian Broker-Dealer and agent registrations have maintained consistent levels from FY2018 as of FY2020. Applications for mortgage licensing and money services businesses have continued at peak levels. DBS is challenged to maintain adequate staffing resources to stay current with incremental design changes and implementation tasks. As a result of the increased demand for services, the need for this position is permanent.												
This position is funded by general fund program receipts, which are assessed to industries to cover the cost of regulation. DBS lapsed approximately \$15 million in fees collected to the General Fund in FY2020.

The Public Defender Agency and the Alaska Legal Services Corporation will continue to administer the Holistic Defense model in Bethel, Nome, and Kotzebue and will expand the project to Anchorage in FY2022. The target population will be Trust beneficiaries not participating in the Bethel or Anchorage Therapeutic Courts or other diversion projects and will be randomly selected from clients assigned to the public defender in the Bethel, Nome, Kotzebue and Anchorage regions.

Project participants' legal needs will be addressed by a criminal attorney. A social worker will continue to assist with participants' unmet social support needs and a civil legal aid attorney will work with the team to address project participants' civil legal needs. All program services are designed to address participant obstacles to successful reintegration and self-sufficiency; thus, participant recidivism will be reduced resulting in increased public protection and improved safety for Alaskans.

Use of budget fund code 1268 directs expenditure of money held in reserve in the Mental Health Trust Settlement Income Account in excess of the amount directed for use by the Trust through annual recommendations (state accounting system fund 3321). Per AS 37.14.041(b), money in excess of the amount needed to meet the necessary expenses of the state's integrated comprehensive mental health program shall be transferred to the general fund and used for any public purpose. To ensure these monies are expended to the benefit of the state's mental health program and not swept to the general fund, a portion of the reserves are being utilized to fund various mental health programs and Trust recommendations with the intent of drawing reserves down over a period of five years.

**Grant to Alaska Legal Services from the Civil Legal Services Fund**

Sec. 10. DEPARTMENT OF COMMERCE, COMMUNITY, AND ECONOMIC DEVELOPMENT. (g) The sum of \$311,584 is appropriated from the civil legal services fund (AS 37.05.590) to the Department of Commerce, Community, and Economic Development for payment as a grant under AS 37.05.316 to Alaska Legal Services Corporation for the fiscal year ending June 30, 2022.

**Remove General Fund Subsidy to Alaska Legal Services**

	Dec	-450.0	0.0	0.0	0.0	0.0	0.0	-450.0	0.0	0	0	0
1004 Gen Fund		-450.0										

Remove unrestricted general fund grant to Alaska Legal Services Corporation (ALSC).

The ALSC has received a general fund subsidy as a grant from the Department since FY2009. The unrestricted general fund grant reached a high of \$550.0 from FY2013-FY2016 and has been set at \$450.0 since FY2016. Additionally, starting in FY2019 with the passage of HB106 in SLA2018, ALSC has received an additional grant from the Civil Legal Services fund that has ranged from \$300.3 to \$360.3. As a result, total funding for ALSC from the operating budget reached a high of \$810.3 in FY2021.

This reduction of unrestricted general funds recognizes that the funding from the Civil Legal Services Fund is a more appropriate funding source for this grant. In FY2022, ALSC will receive \$311.6 from the Civil Legal Services fund, which is a 30% decrease from its FY2018 funding level.

Funding History:

1004 Gen Fund		-90.6										
In FY2022, the Division of Community and Regional Affairs (DCRA) will reduce funding previously used to support one Local Government Specialist (LGS) III (08-5107). LGS positions in DCRA work with communities to help them maintain self-sufficiency and address problems locally. The division will continue to evaluate operations in FY2021 and will identify savings from other areas to fund this position going forward. The division is working on multiple initiatives that are anticipated to generate future savings, including implementing a virtual training option for communities that is anticipated to result in savings from reduced travel, which would then be used to fund this position.

<b>Add Investigator Positions for the Prescription Drug Monitoring Program (PDMP)</b>												
	PosAdj	0.0	0.0		0.0	0.0	0.0	0.0	0.0	3	0	0
Add one Investigator III (range 18) and two Investigator II (range 16) positions in Anchorage to manage the increasing workload for the Prescription Drug Monitoring Program (PDMP).												
Currently 16 program Investigators handle approximately 1,500 investigative cases per year across 43 various professions, including 21 boards. Each Investigator carries a full workload, and health care program investigations are often more complex. The overwhelming volume of the PDMP cases being referred to the investigative unit will ultimately number in the thousands, which will be spread across six health care professions.												
The workload for these program Investigators will increase threefold to carrying an average of 115 – 120 cases. Due to the compounding workload of the additional cases, the time sensitive demands of each investigation will falter resulting in severely delayed dispositions. Ultimately this could affect public safety.												
These positions will be funded by a combination of licensing receipts and interagency receipts from federal grants received by the Department of Health and Social Services.												
<b>Subtotal</b>		<b>14,651.0</b>	<b>9,522.7</b>	<b>269.5</b>	<b>4,727.5</b>	<b>123.9</b>	<b>7.4</b>	<b>0.0</b>	<b>0.0</b>	<b>100</b>	<b>0</b>	<b>0</b>

Scenario/Change Record Title	Trans Type	Totals	Personal Services	Travel	Services	Commodities	Capital Outlay	Grants, Benefits	Miscellaneous	Positions		
										PFT	PPT	NP
Add inter-agency receipt authority for on-going maintenance costs for the Prescription Drug Monitoring Program (PDMP) software.												
The Division of Corporations, Business, and Professional Licensing has worked closely with the Department of Health and Social Services (DHSS) on multiple federal grant applications to secure funding to support the PDMP. As a result, the Division, through DHSS, has been granted multiple federal awards that will support portions of the PDMP software. This inter-agency receipt authority will allow the Department to budget for receipt of those funds.												
Federal funding for these programs will ensure that the financial burden of the PDMP, which serves a statewide public health and safety need, is not shouldered solely by Alaska healthcare providers. If federal funds are not received, the Division would instead fund the PDMP through professional licensing fees charged to licensees in the medical licensing fields (dental, medical, nursing, optometry, pharmacy, veterinary, etc.).												
<b>Inter-Agency Receipts for Personal Services for the Prescription Drug Monitoring Program</b>

Transfer two Alaska Development Team positions from the Department of Commerce, Community and Economic Development to the Office of the Governor to manage economic development activities at the statewide level. This realignment will allow cabinet-level focus on engaging the business community and outreach, as well as direct coordination with the Governor's Office and the Governor on the economic impact of policies across departments. These positions were previously funded in part by an unbudgeted reimbursable services agreement from the Office of the Governor.

1108 Stat Desig		15.0										
Increase statutory designated program receipt authority for third-party travel reimbursements.												
The Division receives annual grants from the National Association of Insurance Commissioners (NAIC) for travel and training expenses and receives direct reimbursement for the Director's travel to NAIC events. The amount varies year to year. The Division is currently budgeted \$40.0 in budgeted statutory designated program receipts for these activities, and in FY2020 collected approximately \$33.7 of third-party reimbursed revenue - despite significantly reduced travel as a result of the COVID-19 pandemic. This increase in statutory designated program receipts will allow the Division to appropriately account for reimbursable travel within the Division.

* Sec. 10. DEPARTMENT OF COMMERCE, COMMUNITY, AND ECONOMIC DEVELOPMENT. (e) The amount received in settlement of a claim against a bond guaranteeing the reclamation of state, federal, or private land, including the plugging or repair of a well, estimated to be \$150,000, is appropriated to the Alaska Oil and Gas Conservation Commission for the purpose of reclaiming the state, federal, or private land affected by a use covered by the bond for the fiscal year ending June 30, 2022.												
<b>Increase Federal Authority for Additional Grants</b>												
	Inc	50.0	0.0	0.0	50.0	0.0	0.0	0.0	0.0	0	0	0
1002 Fed Rcpts		50.0										
In FY2020 and FY2021, the U.S. Environmental Protection Agency (EPA) made additional federal receipts available to the Alaska Oil and Gas Conservation Commission as Multi-Purpose Grant Funds. In both years, the Alaska Oil and Gas Conservation Commission (AOGCC) received additional federal authorization through the legislative revised program (RPL) process because they did not have sufficient federal authorization to accept the grant.												
It is not yet known if AOGCC will be awarded additional federal grant funds in FY2022, but this authorization will position AOGCC to be able to receive the funds without additional legislative action in FY2022.

Alaska Gasline Development Corporation (AGDC) is deleting three positions (04-703X, 04-708X, 04-7011X) and associated budget authority as they are not anticipated to be needed in the near term. In FY2022, AGDC's focus will be transitioning from sole ownership to a venture structure lead by private industry, therefore, these positions are not critical.												
<b>Transfer from Personal Services and Travel to Reflect Anticipated Expenditures</b>												
	LIT	0.0	-240.0	-22.0	262.0	0.0	0.0	0.0	0.0	0	0	0
Alaska Gasline Development Corporation's goal in FY2022 is to transition from sole ownership of the Alaska Liquefied Natural Gas project to a venture structure lead by private industry. As a result, less authorization will be needed in personal services and travel, and the authorization is moved to services to support project activities.

The Alaska Energy Authority (AEA) is increasing grant authority by \$2.5 million based on historical averages and similar trends in fuel costs.												
The Power Cost Equalization (PCE) program provides economic assistance to communities and residents in rural areas, where the cost of electricity can be three to five times higher than for customers in more urban areas of the state. The program was created to equalize power cost per kilowatt-hour (kWh) statewide at a cost close or equal to the mean of the cost per kWh in Anchorage, Fairbanks, and Juneau. PCE is a core element underlying the financial viability of centralized power generation in rural communities.												
Under Alaska Statutes 42.45.100-170, the Regulatory Commission of Alaska (RCA) determines if a utility is eligible to participate in the program and calculates the amount of PCE per kWh payable to the utility. AEA determines eligibility of community facilities and residential customers and authorizes reimbursement to the electric utility for the PCE credits extended to customers.

(Language)	Language	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
	e											
The Agricultural Trade Program (ATP) was authorized as a multi-year operating appropriation for FY2020-FY2022 in Sec30 Ch1 SLA2019 P67 L22 (HB39). Due to the COVID-19 pandemic, the grant has been extended by the federal government through September 30, 2024 (FY2025). This change requires an amendment to the original language to extend the multi-year award through FY2025.

SB 83, passed by the 31st legislature in 2019, provided statutory authority for the creation of up to five Utility Master Analyst positions in the Regulatory Commission of Alaska (RCA). One Utility Master Analyst was created in FY2020, and in FY2021, RCA will create two additional Utility Master Analysts. This transfer aligns authorization in the personal services line to support those positions.												
<b>Subtotal</b>		<b>9,328.5</b>	<b>7,104.4</b>	<b>30.4</b>	<b>2,036.8</b>	<b>156.9</b>	<b>0.0</b>	<b>0.0</b>	<b>0.0</b>	<b>56</b>	<b>0</b>	<b>3</b>

1141 RCA Rcpts		172.2										
Add two full-time Utility Master Analyst positions, range 27, located in Anchorage, to provide high level assistance to the Regulatory Commission of Alaska's (RCA) Commissioners, serve as subject matter experts in regulatory cases, and provide in-depth analysis and research as required. Funding to support personal services for one position is included in this amount. Funding to support personal services for one position will be transferred from the services line.												
Senate Bill 83, passed by the 31st Legislature in 2019, provided statutory authority for the creation of up to five Utility Master Analyst positions in the RCA. One Utility Master Analyst position was added in FY2020, and two Utility Master Analyst positions were added to the RCA in FY2021 Management Plan. The remaining two Utility Master Analyst positions will be added to the RCA in FY2022.
