

State of Alaska FY2022 Governor's Operating Budget

Department of Education and Early Development Foundation Program Component Budget Summary

Component: Foundation Program**Contribution to Department's Mission**

To provide financial support to Alaska's public schools.

Core Services

- The Public School Funding Program provides the primary state financial support for 53 school districts and Mt. Edgecumbe High School.

Major Component Accomplishments in 2020

- The Public School Funding Program provided approximately \$1.5 billion in "Basic Need", as determined by AS 14.17.410. Approximately \$1.2 billion was state aid distributed to 53 school districts and Mt. Edgecumbe High School; and
- Alaska's 53 school districts and Mt. Edgecumbe High School provided educational services to 128,797 Alaska students enrolled in grades K-12.

Key Component Challenges

The foundation program provides resources that schools need to help students meet higher academic standards in reading, writing, and mathematics. Schools and districts are held accountable for their students' performance.

Improvement in student performance requires a continuous commitment to providing the resources to ensure that all students meet high academic standards. A school district's ability to have advanced notice of any potential changes in the foundation program, including the timely passage of the operating budget, allows for proactive planning of meaningful programs. This ensures that students at risk of not meeting standards will be able to be reached at the appropriate age levels.

Significant Changes in Results to be Delivered in FY2022

The base student allocation (BSA) will remain at \$5,930 for FY2022, which will be the fourth year without a change in the BSA.
