**Project Description/Justification:**

The purpose of this authorization is to allow AHFC to apply for HUD, other federal agency, and private foundation grants that target the housing and supportive service needs of low-income and special needs groups such as: senior citizens, victims of human trafficking, persons with mental, physical, or developmental disabilities, or the homeless. AHFC will also apply for energy-related grants as they relate to housing. When required, AHFC will provide the needed matching funds. Some of the funds received will be passed through to local nonprofit sub-grantee organizations that deliver housing and/or services.

This program allows AHFC to apply for and receive federal, state, and other grants that target the housing needs and supportive services of people with disabilities, victims of human trafficking, low-income households, rural professionals, and the homeless. Numerous federal and private foundations incorporate a matching cash contribution requirement in their competitive grant programs. The grant match program has been vital to attracting outside funding into Alaska to meet the housing needs of these vulnerable populations.

Most of the federal funds received, as well as the match funds, are customarily passed through to local non-profit or municipal sub-grantee agencies who deliver the housing and related supportive services. Examples of programs with match components include HUD Supportive Housing, Housing Opportunities for Persons with AIDS (HOPWA), the USDA Housing Preservation Grant Program, and the HUD Section 811 Program.

AHFC will make application, as appropriate, to private institutions or foundations to study and/or address such issues as housing delivery systems, safe and viable neighborhoods, homelessness and aging in place. When required, matching funds are provided for grants that target the housing needs of low-income and special needs groups such as senior citizens, victims of human trafficking, persons with mental, physical, or developmental disabilities, or the homeless.

The projected outcomes are to successfully compete and fund the matching portion of the following grant programs:

- HUD Supportive Housing;
- Housing Opportunities for Persons With AIDS (HOPWA);
- Grant Match Program;
- The National Housing Trust Fund (NHTF); and,
- Section 811 Housing Program for Persons with Disabilities
