

**Drinking Water Capitalization Grant Subsidy Emerging Contaminants- IIJA, Division J, Title VI**

**FY2023 Request: \$5,353,400**  
**Reference No: 64196**

**AP/AL:** Appropriation **Project Type:** Water / Sewer / Solid Waste  
**Category:** Health/Human Services  
**Location:** Statewide **House District:** Statewide (HD 1-40)  
**Impact House District:** Statewide (HD 1-40) **Contact:** Randy Bates  
**Estimated Project Dates:** 07/01/2022 - 06/30/2027 **Contact Phone:** (907)465-5307

**Brief Summary and Statement of Need:**

The Department of Environmental Conservation is required to issue subsidies as a condition of the Clean Water Loan Fund Capitalization Grant. The Infrastructure Investment and Jobs Act provides hundreds of millions in federal funds that will be awarded to Alaska for water and wastewater projects. At this time the department anticipates \$423.7 million in federal capitalization grants to the Alaska Clean Water and Alaska Drinking Water State Revolving Loan Funds (SRF) over the next five fiscal years. The department is required to subsidize a percentage of loans made from the fund. Capital appropriations are required to record that subsidy in the state accounting system.

State of Alaska Capital Project Summary  
 FY2023 Final Enacted HB281

Department of Environmental Conservation  
 Reference No: 64196  
 Released June 28, 2022

**Project Description/Justification:**

The Department of Environmental Conservation receives an annual capitalization grant from Environmental Protection Agency (EPA) that funds the Alaska Drinking Water Loan Fund. Under the terms of the grant, the state is required to issue a certain amount of subsidies to grantees in the form of loan forgiveness. Funding for emerging contaminants requires that 100% of the federal funds be used as subsidization.

This appropriation will be used as subsidy to issue fully forgiven loans to address emerging contaminants from the additional funds made available through the federal Infrastructure Investment and Jobs Act and is required to properly record the grant as an expense in the Alaska Drinking Water Loan Fund.
