Amendment by Bishop increased project total to 54m, all REAA

Project Description/Justification:

Due to advancing river erosion and loss of property, the William N. Miller K-12 Memorial School requires replacement. This project reimburses the district for funds expended to remove the existing bulk fuel tanks, as required by the U.S. Coast Guard due to river erosion. It also funds design and construction of a replacement school of approximately 23,206 square feet. It replaces 24,647 square feet of facilities built between 1973 and 1984. Existing facilities will be remediated and demolished or relocated as practicable. Currently, the school is operating at 104 percent capacity, with 3 unhoused students.

The total cost to replace this school is \$56,015,861. The State Share totals \$54,895,544 however, a

portion of the cost would be funded by the REAA and Small Municipal School District School Fund which totals \$32,784,000 in FY2023. This brings the total unrestricted general fund portion of the capital project to \$22,111,544.

In FY2022, \$3,132,000 was appropriated towards the William N. Miller K-12 School Demolition, Napakiak (Ch. 1, TSSLA 2021, section 7, page 10, line 18). This prior capital project request is accounted for when determining the remaining State Share of \$54,895,544.
