

State of Alaska FY2023 Governor's Operating Budget

Department of Education and Early Development Alaska Performance Scholarship Awards Component Budget Summary

Component: Alaska Performance Scholarship Awards**Contribution to Department's Mission**

To provide performance-based scholarships to Alaskans.

Core Services

- The Alaska Performance Scholarship (APS) is a performance-based scholarship that is effectively raising the collective academic achievement of Alaska's students. Central to the program are the eligibility requirements that students 1) engage in a rigorous secondary education program of study; and 2) perform well on standards-based, college or career readiness assessments.

Major Component Accomplishments in 2021

- Available funding of \$11,750.0 in Alaska Performance Scholarships (APS) and \$5,841.8 in Alaska Education Grants (AEG);
- Enhanced the Alaska Student Aid Portal (ASAP), a web-based financial aid management system that provides eligible Alaskans with information about their individual APS and/or AEG accounts;
- ASAP, functioning as the financial aid management tool for participating postsecondary institutions for online certification of student enrollment and continuing eligibility, enabled paperless aid disbursement through schools to participating students, and was used to deliver approximately \$9.3 million to nearly 2,800 APS recipients and \$5.8 million to just under 2,700 AEG recipients; and
- Produced the 2020 APS Outcomes Report on the first nine high school graduate cohorts, documenting significant positive program impacts specifically that APS students take more credits and need less remediation, persist in their studies, and stay in Alaska at higher rates, compared to their non-APS peers.

Key Component Challenges

- The COVID-19 health pandemic resulted in the cancelation of ACT, SAT and WorkKeys standardized tests around the state impacting class of 2021 graduates' ability to qualify for the APS. The standardized testing requirement for the class of 2021 was waived to mitigate the impact on students;
- Inability to receive student performance data from high schools prevents early outreach to high school juniors and seniors about potential APS eligibility and importance of staying on track;
- Effecting a statewide culture that values higher education and understands the importance of taking a rigorous high school curriculum;
- A student's lack of awareness regarding timeline and preparation necessary for APS eligibility and recognition of the extent of the award, in terms of its full amount students can be eligible for; and
- Ensuring adequate preparation and course availability at district levels for students to have access to the curriculum requirements for eligibility and necessity of earlier outreach and preparation academically, prior to senior year.
- Uncertainty of funding for APS from the Higher Education Investment Fund (HEIF).

Significant Changes in Results to be Delivered in FY2023

- With information from the review of outcomes for the first decade of the APS program, make improvements to the program to increase eligibility and use of the scholarship;
- Ongoing expended use of email and other electronic communications to reduce costs of communicating with customers;
- Further streamlining of APS outcomes reporting protocols to reduce costs of reporting;
- Further improvements to ASAP to provide streamlined processing and reduce the need for costly manual

- processing; and
- Updated education programs for teachers, counselors, and other mentors assisting students with becoming APS-eligible.
