Significant Changes in Results to be Delivered in FY2023

During the 2018 legislative session, HB 79 was enacted to sunset the Second Injury Fund. The program continued to accept new claims until October 1, 2020, for injuries that occurred on or before August 31, 2018. After that, only existing claims will be paid and will decline over time until the fund's liability is exhausted. It will likely take decades for the fund to pay these ongoing claim obligations, as 95 percent of these claims are categorized as permanent total disability (PTD) benefits. PTD benefits are paid until disability ends or until death.

This increment restores the FY2023 total in the Second Injury Fund.												
When HB79 was passed, the Second Injury Fund (SIF) provided a fiscal note stating that the fund could reduce expenditure authority for grants and benefits over a five year period until the expenditure authorization was zeroed. After further review, the fiscal note did not take into consideration that 95% of SIF claims are for permanent total disability, meaning the claim will be paid for the life of the claimant. It will likely take decades for the fund liabilities to be absolved, so expenditure authority is required.
