Brief Summary and Statement of Need:

In the Department of Public Safety, off highway vehicles are critical for search and rescue response, fish and game enforcement, and emergency response in Alaska's off highway areas and remote areas. Off highway vehicles are critical in protecting life, health, and providing public safety in Alaska. They are also critical for enforcing Alaska's game and fisheries resources in off highway areas. Replacement of mission critical law enforcement off highway vehicles such as small vessels, ATV's, and snowmobiles is needed. These vehicles are used to respond to crimes in rural and remote areas, to conduct search and rescue operations, and to patrol and enforce wildlife laws.
