

TSAIA: Visual Paging System Installation (ADA)

FY2023 Request: \$1,800,000
Reference No: AMD 63921

AP/AL: Allocation
Category: Transportation
Location: Statewide
Impact House District: Statewide (HD 1-40)
Estimated Project Dates: 07/01/2022 - 06/30/2027
Appropriation: Airport Improvement Program

Project Type: Construction
House District: Statewide (HD 1-40)
Contact: Dom Pannone
Contact Phone: (907)465-2956

Brief Summary and Statement of Need:

To meet Americans with Disabilities Act (ADA) requirements, install 30-40 monitors and approximately 40 input stations with associated hardware, software, and accessories to provide visual paging throughout the South Terminal, Connector, and North Terminal Lobby.

No prior funding history.

Project Description/Justification:

The purpose of the project is to meet ADA compliance requirements to provide an effective means of communicating with people who cannot hear audible announcements, including pages and gate information. This project allows audible announcement replication through a visual paging system. This project will supplement existing audio and visual gate announcement systems.

ADA compliance, providing access to services and programs to Americans with disabilities, allows more airport users to independently do what and go where they wish (and are allowed by safety and security policies) safely and with dignity. ADA compliance is ultimately hospitable and good business practice. Enforcement is complaint driven and may result in a formal settlement or a lawsuit. Civil monetary penalties for corporate (Title III) ADA violations are up to \$75,000 for the first violation and \$150,000 for subsequent violations.
