

State of Alaska FY2023 Governor's Operating Budget

Department of Transportation/Public Facilities Northern Region Facilities Component Budget Summary

Component: Northern Region Facilities

Contribution to Department's Mission

Provide funding to maintain environmentally sound and reliable public facilities.

Core Services

- This component provides funding for the operational and maintenance costs for Northern Region facilities.

Major Component Accomplishments in 2021

Completed third year under the Division of Facilities Services (DFS) initiative.

Key Component Challenges

- Maintaining the standard building condition while staying within allocated budget.
- Coordinating needs, priorities, and resources for regional facilities with DFS for the efficient and reliable maintenance of facilities.
- Navigating ways to share resources between DFS and other components such as Highways and Aviation and State Equipment Fleet.
- Negotiating Service Level Agreements that provide similar service levels for appropriated budgets.

COVID-19 Response and Telework Challenges

- Most of Facilities workforce is not able to telework due to their primary job duties. To protect staff and prevent the spread of the virus: personnel, equipment, vehicles, and camp assets were incorporated into a COVID-19 mitigation plan which includes proactive cleaning procedures, social distancing, staff scheduling changes, and best practices in accordance with state mandates.
- Upgrades to facilities were completed, such as building controls, automated dispensers, positive barrier installation (sneeze guards, etc.) office configuration, etc. to implement social distancing protocols and improve hygiene practices. This is an increased workload and is being completed as resources and time allow.

Significant Changes in Results to be Delivered in FY2023

No significant changes are anticipated.

Statutory and Regulatory Authority

AS 35 Public Buildings
AS 36 Public Contracts
AS 44 State Government
AAC 17 Department of Transportation & Public Facilities
Americans with Disabilities Act
Resource, Conservation & Recovery Act
Department of Labor Uniform Building Code
OSHA

Approximately \$10 billion in grants for airports are available under the Coronavirus Aid, Relief, and Economic Security (CARES) Act, of which the State of Alaska Rural Airport System was allocated approximately \$49 million. Funds provided under the Grant Agreement must only be used for purposes directly related to airports. Such purposes can include the reimbursement of an airport's operational and maintenance expenses.

A one-time fund source swap of unrestricted general fund (1004) to federal CARES receipt authority (1265) will allow the utilization of Federal Aviation Administration CARES Act revenue.

To maintain these levels of service the federal receipt authority will need to be replaced with general fund authority at the expiration of Federal COVID relief.
