The Division of Administrative Services has made some organizational changes to meet workload and job duties changes that have occurred since the statewide Shared Services of Alaska (SSoA) consolidation in FY2018. These organizational changes require additional funding. The Department of Education and Early Development was an early on-boarder for the SSoA consolidation and transferred all travel booking and accounts payable transactions for SSoA to process, as well as corresponding positions. Through further conversations and procedural review, SSoA is returning travel booking functions to the Division of Administrative Services resulting in reorganization of workload and reclassification of positions.

The Department of Education and Early Development (DEED), along with other State agencies, are billed chargeback costs for centralized services which include the Office of Information Technology, Shared Services of Alaska, human resources, and for the State's financial and reporting systems. Not all services charge using the same rate methodology. DEED's Division of Administrative Services is responsible for ensuring proper allocation of all chargeback costs to each of the department's components. In order to streamline the rate allocation process for consistency, the Division of Administrative Services will re-allocate the rate methodologies for each chargeback to be by position count in each component utilizing the services so that components can track a single methodology annually. The increase in inter-agency receipt authority will allow the Division to collect the funds from each component and pay the chargeback costs with the collected receipts.

On March 11, 2021, the federal American Rescue Plan (ARP) Act of 2021 (H.R. 1319) was signed into law. This act includes a third allocation of COVID relief funding through the Elementary and Secondary School Emergency Relief (ESSER) Fund. The State of Alaska's allocation is \$358,707,134. There are Maintenance of Effort and Maintenance of Equity provisions for this funding.

Ninety percent of ESSER III Funds, or \$322.8 million is allocated by federal law to Local Education Agencies (school districts) based on the Title I-A funding formula and may be used for any activity related to preventing, preparing for, and responding to COVID-19. There are two provisions that apply to the funding the school districts receive:

- School districts must use at least 20% of the funds to address learning loss; and
- School districts must develop and publish on their website a plan for the safe return to in-person instruction and continuity of services.

Ten percent of the ESSER III Funds, or \$35.9 million is allocated by federal law to the State Education Agency (the Department of Education & Early Development (DEED)) for uses and activities related to COVID-19.

DEED must reserve the following funds from its allocation:  
 • At least 5% for activities to address learning loss – \$17.9 million;  
 • At least 1% for summer enrichment activities – \$3.6 million; and  
 • At least 1% for afterschool programs – \$3.6 million.

DEED may reserve the following funds from its allocation:  
 • At most 0.5% for administration – \$1.8 million; and  
 • At most 2.5% for other state activities – \$9 million.

This funding is available until September 30, 2024.

Sec. XX. DEPARTMENT OF EDUCATION AND EARLY DEVELOPMENT. The amount of federal receipts received from the American Rescue Plan Act of 2021 (Part B Section 611 and Section 619) for the Individuals with Disabilities Education Act (IDEA), estimated to be \$9,266,700, is appropriated to the Department of Education and Early Development for the fiscal years ending June 30, 2022, June 30, 2023, and June 30, 2024.

The Federal American Rescue Plan (ARP) Act of 2021 (H.R. 1319) included supplemental federal fiscal year 2021 funding for the Individuals with Disabilities Education Act (IDEA). Under this provision, Alaska received grant awards totaling \$9.3 million, which includes \$8.6 million under Part B Section 611 of IDEA and approximately \$700,000 for preschool grants under Section 619.

These funds are provided to state educational agencies (SEAs) and lead agencies to help recover from the impact of the coronavirus pandemic and to safely reopen schools and sustain safe operations. The IDEA Part B formula grants assist states in providing a free appropriate public education in the least restrictive environment for children with disabilities ages 3 through 21 (Part B, Sections 611 and 619).

Following the settlement of the Moore v. State of Alaska lawsuit, the State System of Support component was created in FY2011 providing support to school districts for implementation of school improvement strategies to address low performance within schools. Prior to the creation of the State System of Support component, these responsibilities were under the Executive Administration component in response to Chapter 70, SLA 2008 (Senate Bill 285) that allows the Department of Education and Early Development to intervene and provide direction to school districts to develop district-level improvement plans in an effort to increase student achievement. Passage of SB 285 created three new positions in FY2009, and funding dedicated to school improvement, as well as funding to contract coaches, who at the time, were organized as onsite auditors for struggling schools to measure and document the quality of instructional programs. Following the Moore lawsuit, three additional positions were added as content specialists in reading, writing, and mathematics in FY2011 and coaching support was later redesigned to focus on school level systems change, leadership development, enhancing staff collaborative/training time, and strengthening school level processes that support instruction. The focus on school improvement initiatives ultimately resulted in the positions and corresponding funding being transferred from the Executive Administration component to the newly created State System of Support component in FY2011, which now focuses on supporting and implementing sustainable school improvement strategies with fidelity.

The State System of Support and Student and School Achievement components fall under the Division of Innovation and Education Excellence. The Student and School Achievement component provides resources to school districts to ensure students meet academic standards, professional development, school accountability, assessments, and improved health, safety, and alternative education opportunities. Many of these responsibilities overlap with work within the State System of Support component to meet the department's mission. In order to increase efficiency and effectiveness of the division, transferring the programmatic work into one component would reduce the need for funding transfers between components.

The following positions are transferred in:

Sec. XX. DEPARTMENT OF EDUCATION AND EARLY DEVELOPMENT. The amount of federal receipts received from the American Rescue Plan Act of 2021 (Part B Section 611 and Section 619) for the Individuals with Disabilities Education Act (IDEA), estimated to be \$9,266,700, is appropriated to the Department of Education and Early Development for the fiscal years ending June 30, 2022, June 30, 2023, and June 30, 2024.

The Federal American Rescue Plan (ARP) Act of 2021 (H.R. 1319) included supplemental federal fiscal year 2021 funding for the Individuals with Disabilities Education Act (IDEA). Under this provision, Alaska received grant awards totaling \$9.3 million, which includes \$8.6 million under Part B Section 611 of IDEA and approximately \$700,000 for preschool grants under Section 619.

These funds are provided to state educational agencies (SEAs) and lead agencies to help recover from the impact of the coronavirus pandemic and to safely reopen schools and sustain safe operations. The IDEA Part B formula grants assist states in providing a free appropriate public education in the least restrictive environment for children with disabilities ages 3 through 21 (Part B, Sections 611 and 619).

This project will support increased capacity for Rural Student Behavioral Health Counseling. Department of Education and Early Development (DEED) staff will work collaboratively with the Alaska Mental Health Trust (Trust), the Department of Health (DOH), and other partners to promote expansion of behavioral health supports in schools through a long-term non-permanent education counselor embedded within DEED. The position will continue to work closely with districts who have identified the need and interest in enhancing access to student behavioral health supports. The education counselor will support students and staff in rural districts and will inform Trust and advisory board efforts to enhance and support behavioral health students statewide. This project has been identified as high priority by Trust advisory boards and multiple partners as a key COVID-19 response and recovery project. DEED and partners will continue to explore additional funding opportunities to expand and sustain the work of this project.

Alaska Native Science and Engineering Program (ANSEP) high school students can go from ninth grade to baccalaureate degrees in five years. The ANSEP started in 1995 as a scholarship program for university students and has since evolved into a sequential education model that provides a continuous string of components beginning with students in kindergarten and continuing through middle and high school, into science, engineering, and business undergraduate and graduate degree programs through to doctoral degrees. There are approximately 3,000 ANSEP elementary, middle school, high school, and university students in more than 100 Alaskan communities. The program continues to expand every year and will add 650 new middle school students in the current academic year.

The ANSEP components include Kindergarten to Fifth Grade Academy, Middle School Academy, Acceleration Academy High School, University Success, Graduate Success, and Grow Our Own PhD. The ANSEP high schools are in Anchorage, Palmer, Bethel, and Kotzebue with additional schools starting up in Dillingham and Juneau. A residential high school has started up on the University of Alaska Anchorage (UAA) campus. Students without access to one of these locations come to Anchorage during the summer and take the course work they need so that they do not require remediation when they start college. The ANSEP's goal is to provide an excellent education and a life of unlimited possibilities for every Alaskan. Students at each education level benefit from the inspiration, guidance, and opportunity the program provides. With ANSEP more students are successful, fewer students drop out, and remediation is eliminated.

The ANSEP received \$9.5 million of federal COVID relief funds through the Department of Education and Early Development (DEED) to assist with expansion and institutionalization of the program. This \$1 million funding will provide a steady stream of funding to support ANSEP growth going forward. Starting at ninth grade and using university enrollment and graduation data over a ten year period starting in 2012, the expected cost to the government from state, local, and federal sources for every baccalaureate degree recipient at University of Alaska Anchorage is nearly \$300.0. The same analysis using the ANSEP model costs less than \$100.0 per degree.

Supporting and maintaining this program meets DEED's mission and several of the goals from Alaska's Education Challenge.

The Department of Education and Early Development (DEED) is committed to increasing student outcomes. To innovate and update the way this is done effectively and efficiently, a statewide student information system (SIS) and a predictive data dashboard that can be accessed by DEED and stakeholders is required. Data is key for decision making at the state, district, and program levels. Additionally, data for the Alaska Reads Act would also be incorporated into the statewide SIS and data dashboard.

Currently, the department has set aside \$2 million of Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) funds to stand up a system that would make information readily available. A Request for Information was completed for DEED to assess the costs of maintaining both systems (i.e. coding, analytics, frequent updating). This funding is to maintain the operations of both systems.

Following the settlement of the Moore v. State of Alaska lawsuit, the State System of Support component was created in FY2011 providing support to school districts for implementation of school improvement strategies to address low performance within schools. Prior to the creation of the State System of Support component, these responsibilities were under the Executive Administration component in response to Chapter 70, SLA 2008 (Senate Bill 285) that allows the Department of Education and Early Development to intervene and provide direction to school districts to develop district-level improvement plans in an effort to increase student achievement. Passage of SB 285 created three new positions in FY2009, and funding dedicated to school improvement, as well as funding to contract coaches, who at the time, were organized as onsite auditors for struggling schools to measure and document the quality of instructional programs. Following the Moore lawsuit, three additional positions were added as content specialists in reading, writing, and mathematics in FY2011 and coaching support was later redesigned to focus on school level systems change, leadership development, enhancing staff collaborative/training time, and strengthening school level processes that support instruction. The focus on school improvement initiatives ultimately resulted in the positions and corresponding funding being transferred from the Executive Administration component to the newly created State System of Support component in FY2011, which now focuses on supporting and implementing sustainable school improvement strategies with fidelity.

The State System of Support and Student and School Achievement components fall under the Division of Innovation and Education Excellence. The Student and School Achievement component provides resources to school districts to ensure students meet academic standards, professional development, school accountability, assessments, and improved health, safety and alternative education opportunities. Many of these responsibilities overlap with work within the State System of Support component to meet the department's mission. In order to increase efficiency and effectiveness of the division, transferring the programmatic work into one component would reduce the need for funding transfers between components.

The following positions are transferred out:  
 Full-time Education Specialist 2 (05-1817), range 21, located in Delta Junction  
 Full-time Education Administrator 2 (05-1807), range 22, located in Anchorage  
 Full-time Education Associate 2 (05-1819), range 15, located in Anchorage  
 Full-time Education Specialist 2 (05-1818), range 21, located in Kodiak

The Department of Education and Early Development (DEED) receives a federal Head Start Collaboration Grant totaling \$125.0. The Early Learning Coordination component's current federal authority totals \$78.0. This grant allows the department to facilitate collaboration among Head Start agencies and entities that carry out activities designed to benefit low-income children. The grant supports DEED's early learning collaborative position, as well as travel and services associated with the position. Activities performed by this position include providing alignment between Head Start, the department, and other child or family supportive services; assessing the needs of programs; creating a strategic plan to meet the needs outlined in the needs assessment; and promoting partnerships between Head Start agencies, schools, and relevant community-based organizations.												
DEED has been able to leverage additional federal authority from the Student and School Achievement component to accommodate the full amount of the grant. However, for better alignment and transparency of program expenditures, this increase in authority allows the Early Learning component to collect and record the full authorized amount.

<p>In response to legislative intent in the FY2015 budget, the department increased teacher certification fees in order to cover the cost of the Professional Teaching Practices Commission (PTPC) component to offset unrestricted general funds (UGF) in FY2016. Since then, the Teacher Certification component has not increased its teacher certification fees to sustain the increased costs, such as salary adjustments and increased department chargebacks, incurred by both components. AS 14.20.500 states that in addition to available state funds, PTPC shall also be financed by teacher certification fees, including, if necessary, an increase in the fees for certificates. Teacher Certification has experienced revenue shortfalls in the last two years while fees have remained constant. The Mt. Edgecumbe Boarding School requires additional federal receipt authority to reflect COVID-19 relief funding allocated to the school from the three federal relief packages. Mt. Edgecumbe High School's allocation is estimated to be \$5,329.8 and broken down as follows:

- 1) Coronavirus Aid, Relief and Economic Security (CARES) Act \$415.2
- 2) Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, 2021 \$1,514.1
- 3) American Rescue Plan (ARP) Act \$3,400.5 (estimate)

The allocation for the American Rescue Plan Act is an estimate and is based on school districts allocations generally receiving 45% more than the CRRSA Act. In FY2022, the Governor's Budget proposes adding federal receipt authority to clarify the federal funding Mt. Edgecumbe Highschool receives. CARES Act funding is available until September 30, 2022 and CRRSA and ARP Act funds are available until September 30, 2023. A multi-year appropriation will provide the authority for the school to expend the federal receipts over FY2021, FY2022, FY2023, FY2024, and FY2025.

Proposed Language: Federal receipts received from the Elementary and Secondary School Emergency Relief Fund, estimated to be \$5,329.8, are appropriated to the Department of Education & Early Development, Mt Edgecumbe Boarding School, for the fiscal years ending June 30, 2021, June 30, 2022, June 30, 2023, June 30, 2024, June 30, 2025 for response to the COVID-19 health emergency.

On March 11, 2021, the federal American Rescue Plan (ARP) Act of 2021 (H.R. 1319) was signed into law. This act includes an allocation of \$2.2 million to the State of Alaska from the Institute of Museum and Library Services (IMLS). The IMLS will provide funding to the State Library Administrative Agency, the Division of Libraries, Archives, and Museums (LAM), to award grants that support the vital programs and services that have been impacted by the COVID-19 health emergency. IMLS provided the following priorities for spending:

- First, to enable libraries to reach residents with internet hotspots, accessible Wi-Fi, and other digital inclusion efforts, particularly in support of education, health, and workforce development needs. The following types of data, among others, can inform efforts to reach underserved populations:
  - Poverty/Supplemental Nutrition Assistance Program (SNAP);
  - Unemployment;

Change Museum Protection & Visitor Services Assistant (05-4108), range 11, located in Sitka from Part-time to Full-Time. This change is due to a restructure plan for the Museum Protection and Visitor Services Unit that operates the front of house galleries and admission desks at the Alaska State Museum in Juneau and the Sheldon Jackson Museum in Sitka. The full-time position is necessary to keep the Museum open to the public year-round.
