

State of Alaska
FY2024 Governor's Operating Budget

Department of Health
Adult Preventative Dental Medicaid Svcs
Component Budget Summary

Component: Adult Preventative Dental Medicaid Svcs

Contribution to Department's Mission

Provide health care to Alaskans in need by enhancing the emergent dental services available to adult Medicaid recipients.

This component of Alaska Medicaid is under the programmatic oversight of the Department of Health, Division of Health Care Services.

Core Services

- Preventive dental care
- Diagnostic examinations and radiographs
- Restorative dental services

Major Component Accomplishments in 2022

- Continued providing adult preventive dental services to Alaska Medicaid recipients.

Key Component Challenges

- Maintain compliance with complex federal and state plan requirements.
- With few exceptions, Alaska's dentists are located only in larger communities; consequently, costly Medicaid travel, including airfare and in some instances overnight lodging and meals, is necessary. Although dental health aide therapists meet some of the minor dental needs in small communities, dental-related travel continues to be one of the greatest, and the costliest, challenges to the Adult Preventative Dental Medicaid program.
- Members may utilize the upcoming year's benefit allowance when the allowance for a single year is insufficient to cover the cost of dentures. The complexity of processing claims and monitoring benefit limits for individuals who have exercised this option is administratively burdensome and continues to challenge the program. Detailed monitoring is required, which increases the likelihood that a manual pend resolution will be required.

Significant Changes in Results to be Delivered in FY2024

- No significant changes in results to be delivered.
