The Office of Administrative Hearings (OAH) collects program receipts from school districts, municipalities, and other governmental entities to pay for the costs of hearing services OAH provides to these entities. Fees are only collected for work actually performed by OAH's Administrative Law Judges (ALJs). OAH is expecting higher case volume on the docket this year due to expanded outreach efforts to these entities, and an increased interest by municipal entities in using OAH's adjudication services.

Additional general fund program receipts authority will allow OAH to continue accepting administrative hearing work from school districts, municipalities, and other governmental entities to address the increased need. Without the additional authority, OAH will have to stop performing adjudicative services for municipalities once they have collected fees up to their existing budgeted authority level due to the inability to receive reimbursement.

<b>Relocate Local Area Network Room in the Goldbelt Building</b>												
	Suppl	100.0	0.0	0.0	100.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		100.0										
<p>The Division of Finance's (DOF) Payroll Services is located on the first floor of the Goldbelt building and has historically utilized the Department of Education and Early Development (DEED)'s local area network (LAN) connection, which was on the second floor of the building. In May 2022, DOF was notified DEED was relocating from the Goldbelt to the State Office Building and access to their LAN room would not be maintained beyond the move. The only way for DOF to maintain the State of Alaska's payroll network connection was to act quickly to build a new LAN room on the first floor. The project was completed in October 2022 and DOF Payroll Services now has a stand-alone LAN room, which has enabled the State's biweekly payroll to continue uninterrupted. If DOF had not taken on this project, the state's payroll would have been at substantial operational risk.</p> <p>During the FY23 budget process this was an unknown and unanticipated expense.</p>

As a result of changes to legislation during the final hours of the 2022 legislative session, this provides authority required to increase services as requested in SLA 2022 House Bill 325. Effective January 1st, 2023, HB325 changes the definition of consent as it relates to sex assault allegations, which will have significant impacts on the way sexual assault cases are litigated and will require additional positions for the Legal Advocacy Services agencies to complete the workload resulting from these changes.

These legal agencies are already understaffed and experiencing difficulty with recruitment and retention due to the high stress environment. The increase in serious felony level case filings continues while agency attorneys and staff face a mounting backlog of cases post trial suspensions because of the pandemic. This legislation will result in a significant increase in sexual assault cases filed and increase litigation in these cases. This supplemental is needed to maintain pace with the caseload activity.

As a result of changes to legislation during the final hours of the 2022 legislative session, this provides authority required to increase services as requested in SLA 2022 House Bill 325. Effective January 1st, 2023, HB325 changes the definition of consent as it relates to sex assault allegations, which will have significant impacts on the way sexual assault cases are litigated and will require additional positions for the Legal Advocacy Services agencies to complete the workload resulting from these changes.

These legal agencies are already understaffed and experiencing difficulty with recruitment and retention due to the high stress environment. The increase in serious felony level case filings continues while agency attorneys and staff face a mounting backlog of cases post trial suspensions because of the pandemic. This legislation will result in a significant increase in sexual assault cases filed and increase litigation in these cases. This supplemental is needed to maintain pace with the caseload activity.

The Public Defender Agency is experiencing ongoing recruitment and retention difficulty due to the high stress environment and the demands of the existing and ever-increasing workload. Additional contractual support is needed to stabilize the contractual caseload needs of the agency.

This funding is essential to care for the growing caseload burdens on attorneys at all levels and to guarantee they are practicing within the ethical guidelines currently in place. This will be even more essential as new caseload standards are expected this calendar year, which may establish that agency practitioners

<b>Increment to Meet Medical Testing and Travel</b>												
	Suppl	209.4	0.0	0.0	209.4	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		209.4										
<p>Add additional funding within Recruitment and Retention to meet the costs associated with correctional (CO) and probation officer (PO) applicant medical testing. DOC received \$61.8 in FY2021 to meet applicant medical testing costs, however with recent changes and the requirement to incur all costs the department needs additional funds for FY2023.</p> <p>Medical testing of all CO and PO applicants is required under the Alaska Police Standards Council (APSC). The department is required to pay for all medical testing of applicants. The Department of Corrections (DOC) solicited and negotiated a contract for these services at a cost of \$780.00 per test. During the first two quarters of FY2023 179 applicants have completed medical testing. Based on recruitment efforts and vacancies the department projects an additional 170 applicants will need testing this fiscal year.</p>

<p>The Alaska State Council on the Arts (ASCA) receives federal awards from the National Endowment of the Arts (NEA) on an annual basis. NEA has granted ASCA activity extensions for federal awards beginning in FY2020 due to the COVID-19 health pandemic, which had disrupted planned activity with those funds. Due to these extensions, the current federal authority is insufficient to cover the years of unspent funds. Additional federal authority will allow ASCA to continue planned activities using annual NEA funding starting from FY2020. The funding award period for these grants end on June 30, 2023.</p>

<p>In accordance with AS 14.20.030(c), the Professional Teaching Practices Commission (PTPC) has requested and been assigned four administrative law judges in response to four administrative hearing requests. This is a unique situation in which PTPC does not experience every year and is difficult to budget for given the nature of the requests. The last administrative hearing took place in 2018, and typically, most cases are successfully mediated rather than progressing into an administrative hearing. Since FY2015, PTPC has been funded by teacher certification fees within the Teacher Certification component, which have faced revenue shortfalls in the last two fiscal years while fees remained constant and operational costs have increased. This supplemental will cover the cost of the four administrative hearings, as well as legal costs that PTPC will incur during the process without impacting the Commission's operations.</p>

The Alaska Vocational Technical Center (AVTEC) is funded primarily through general fund program receipts (GFPR) from student tuition and fees, and general fund support from the state. It has been the desire of AVTEC, the legislature, and multiple administrations that AVTEC be a self-sustaining operation. Since FY2015, GFPR authority has increased by \$929.6 to allow for the opportunity for increased revenue collection from students, and general fund support has decreased by \$1,414.4. The increase in GFPR revenue collection did not materialize and has remained relatively flat since FY2015.

Due to an increase in cost for instructors and materials, AVTEC has been operating in a deficit and is expected to continue to do so without an increase in revenue. For AVTEC to meet current obligations an increase in general funds of \$570.0 is necessary to allow AVTEC to operate.

<p>Limited general fund authority for wildland firefighting has been authorized with the intent that additional authorization for wildland fire suppression efforts, including high complexity Type I and II project fires would be obtained through the declaration process.</p> <p>This request provides the initial estimate of general funds required for FY2023, fire season 2022. The declaration covers financial obligations that extend beyond the previous estimate given through June 30, 2022 (FY2022). The FY2023 declaration includes the costs of prepositioning firefighting resources to areas of high fire danger, fire suppression costs and vendor contracts for wildfire incidents through August 31, 2022.</p> <p>Current Situation: In fire season 2022, there have been a total of 585 fire responses for a total of 3,107,571 acres burned on both federal and state land. Fire activity peaked around July 13, with six complexes consisting of multiple fires, and another 17 staffed fires. The Division of Forestry &amp; Fire Protection protects 90.2 million acres of federal land within state protection jurisdiction while the federal government protects 52.8 million acres of state land within federal protection jurisdiction. Reimbursement for firefighting expenditures is based on guidelines in the Master Cooperative Agreement and Alaska Interagency Wildland Fire Management Plan.</p>

General Fund Emergency Declaration Increase: Limited general fund authority for wildland firefighting has been authorized with the intent that additional authorization for wildland fire suppression efforts, including high complexity Type I and II project fires would be obtained through the declaration process.												
This request provides the current estimate of general funds required for the FY23, fire season 2022. The declaration covers financial obligations that extend beyond the previous estimate given through September 30, 2022 (FY23). This declaration includes the costs of prepositioning firefighting resources to areas of high fire danger, fire suppression costs and vendor contracts for wildfire incidents through December 31, 2022.												
This declaration will ensure all contractors and vendors are compensated for services provided during the 2022 fire season. An analysis conducted in late November determined estimated amounts of the calendar year 2022 season based on estimated billings collected from each cooperating agency. (Per the cross-billing timeline, federal and Northwest Compact agency cooperators submit updated costs estimates to DNR which are encumbered for future billing.)

<b>FY2023 Supplemental - LEG TRACKING</b>												
<b>Sustaining Access to Alaska State Parks and Recreational Facilities</b>												
1004 Gen Fund	Suppl	96.6	0.0	0.0	36.6	60.0	0.0	0.0	0.0	0	0	0
<p>This transaction is imperative to provide safe public access to the Chena River, Big Lake North, Big Lake South, and Rocky Lake State Recreation Sites for set up in time for summer 2023.</p> <p>The 23.8-acre Chena River State Recreation Site was closed in June 2020 due to chronic illegal behavior that was a threat to staff and the public, driving out law-abiding visitors and diminishing the quality of family-friendly outdoor recreation options in Fairbanks. Thanks to a joint clean-up effort with the Alaska Division of Forestry and Fire Protection alongside Fairbanks Rescue Mission, and restoration work by the Alaska Division of Parks and Outdoor Recreation, the Chena River State Recreation Site was reopened in August of 2022. This transaction is needed to maintain the cleanliness, safety and availability of this site.</p> <p>In addition, the State was at risk of not opening the Big Lake North, Big Lake South, and Rocky Lake State Recreation Sites in May 2022 due to a bidding failure in maintaining a concessionaire. Due to significant public input and direction from the Governor's Office, the division opened these recreation sites and had to assume the costs in the short-term. This transaction will cover unanticipated costs for these sites including plumbing, latrines, dumpster, a rescue mission contract, cabin removal costs, and wood chip removal costs.</p>

<b>Increase to Meet Operational Needs for Mission Critical Service Delivery (ADN: 12-2023-0094)</b>												
	Suppl	8,020.8	0.0	1,218.1	5,037.4	1,198.3	567.0	0.0	0.0	0	0	0
1004 Gen Fund		8,020.8										

This request addresses critical agency needs. The number one priority of the department is keeping Alaskans safe, which is not possible without sufficient funding. Adequate funding is needed to pay for travel costs to transport troopers between duty stations across Alaska, to purchase safety equipment and supplies, costs for services, and to pay for vehicles and essential equipment.

Travel (Trooper Moves) \$1,218.1 – To cover increasing moving costs for troopers, their families, and their household goods for assignments in remote areas as required per the collective bargaining agreement and as necessary to maintain public safety activities throughout Alaska.

Services \$5,037.4 – To support a dispatch services contracts with Soldotna Public Safety Communications Center and Kenai Peninsula Borough (\$678.1); to support new and increasing lease costs for trooper housing in Nome, Kotzebue, Dillingham, Bethel, and Dutch Harbor, and increased costs for airport hangar leases – (\$397.5); to support state equipment fleet cost increases, for vehicle operations, maintenance, repairs and fuel cost increases due to rising costs of personnel, manufactured goods, and fuel – (\$2,672.3); training for new FY2023 trooper positions added without support line funding – (\$139.5); and absorb cost increases including training, software maintenance and licensing, telecommunications, recruitment-related psychiatric and medical services, utilities, leases, equipment repairs and maintenance, safety services, and information technology (\$1,150.0).

Commodities \$1,198.3 – To fully fund FY2022 purchase orders shifted to FY2023 due to lack of available funding (\$575.8); a significant increase in the costs of equipment including safety gear, uniforms, tasers, portable radios, and mobile radio systems due to steady cost increases due to the rising costs of new technology, shortage of materials and labor, and increased shipping costs due to rising fuel costs (\$568.5); and startup supplies for new FY2023 trooper positions added without funding (\$54.0).

Capital Outlay \$567.0 – To fund new vehicles for FY2023 new trooper positions added without funding (\$567.0).

The department has implemented strategies to control spending including rigid spending approval requirements. However, it would take extreme measures to reduce spending that would have significant consequences to life and safety including:

1. Gapping nearly 35 state trooper positions - Consequences would include burnout for existing troopers, limited to no proactive policing, and longer response times to search and rescue related incidents, motor vehicle collisions, crime scene investigations, and general calls for service. The impact would be most significant in outlying areas of Alaska.
2. Grounding of the A-Star helicopter in Fairbanks - Consequences would include longer response times for search and rescue and public safety related incidents, loss of superior air surveillance for criminal activity and search and rescue missions in the Interior, and fewer air assets for law enforcement response and transport.
3. Docking of the P/V Stimson to save fuel and personal services costs - This would severely impact enforcement and remote field presence in commercial crab, IFQ fisheries, sable fish, salmon, ground fish, herring, and fall/winter game patrols. The Stimson serves as a critical search and rescue platform in the Bering Sea and Aleutian Chain.

Marijuana industry taxpayers still struggle to obtain banking services due to federal status. In Anchorage, a secure cash-drop location has existed since legalization, and in the Interior, a credit union is extending banking services to taxpayers. However, no clear solution exists in the Southeast Alaska.

Currently, taxpayers must carry cash from Southeast to the Anchorage location, traveling hundreds of miles. Statutes require the marijuana tax be paid monthly, which creates the need for frequent trips with large sums of cash. This poses significant risk of robbery and loss to taxpayers. To minimize this risk, and provide service to Southeast Alaska taxpayers, a secure tax collection vault will be constructed within the Juneau State Office Building.

The Department of Transportation and Public Facilities (DOT&PF) is managing this project. Their cost projection includes design, construction, and overhead via a reimbursable services agreement (RSA). The original RSA was \$135,149.60. Due to cost increases, an amended RSA increases the budget by \$148,850.40.

Ensuring our systems are safe from cybersecurity events is of the utmost importance. There are several priority security initiatives underway within the Department of Revenue. In the Tax Division, where \$1 billion in taxes are collected in any given year, systems security is of utmost importance. The Department anticipates partnering with FAST Enterprises, an industry leader in tax systems, for server hosting. Their cloud services are seamless to their Tax Revenue Management System (TRMS) solution and ensures IRS Pub 1075 policy compliance and enhance security protocols when compared with current and on-premise solutions. They are already providing this service to other states and have proven to be secure, reliable, and compliant. FAST will be handling all server and security updates, maintenance, and tuning. They can expand our server needs as business demands change and keep our application in optimal configuration. FAST will ensure needed frequency of scans and security testing. FAST provides 24/7 monitoring services and disaster recovery with a backup site. The anticipated contract includes operating system and database licensing, backup verification, and liability insurance.

<b>Additional Authority for Fuel Increases</b>												
	Suppl	2,000.0	0.0	0.0	0.0	2,000.0	0.0	0.0	0.0	0	0	0
1026 Hwy Capitl		2,000.0										
<p>State Equipment Fleet (SEF) currently maintains a contract with U.S. Bank to provide customers with a vehicle credit card to purchase fuel to operate the state's fleet. SEF pays these charges directly to the vendor and then bills the executive branch agencies through the monthly equipment bill.</p> <p>Based on fuel purchases to date, SEF is already seeing an increase of regular fuel purchases of over \$200.0 each month from the previous fiscal year. In order to meet fuel credit card program obligations for the fiscal year, a \$2,000.0 increase in commodities authorization is requested to cover the anticipated budget shortage for this increase in fuel purchases.</p> <p>The amount of fuel that is purchased by the executive branch agencies is outside of SEF's control, so estimates are based on historical purchasing to determine a yearly allocation to cover fuel purchasing costs. Factors that affect the amount of fuel that is purchased throughout the state include construction projects, fire suppression activities, and patrol levels by the Department of Public Safety. Without additional authorization SEF will be unable to meet its obligations.</p> <p>Since SEF provides services to all executive branch departments, the inability of the division to pay the credit card fuel program vendor will affect all aspects of the services provided by the state.</p>

**FY2023 Supplemental - LEG TRACKING**

**Newtok / Mertarvik Airports Contract**

	Suppl	290.0	0.0	0.0	290.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		290.0										

Coastal erosion is forcing the village of Newtok in Southwestern Alaska to relocate approximately nine miles upriver to the new community of Mertarvik. The Federal Aviation Administration (FAA) has funded construction of a new airport in Mertarvik which is anticipated to be commissioned in late fall 2022. The FAA will be decommissioning the Newtok Airport once Mertarvik Airport is operational. Additionally, it's required that the FAA funded equipment (one grader) assigned to Newtok Airport be transferred to the new Mertarvik Airport prior to winter 2022/23. This will leave the Newtok Airport with no maintenance equipment.

At the time of this request less than one-third of Newtok residents have relocated to Mertarvik. Currently in Mertarvik only a small number of homes have been constructed, construction of the public school has yet to begin, and no store exists for residents to purchase food and necessities. Many residents continue to reside in Newtok and rely on the year-round air service for their needs. Both airports will need to remain open and maintained through State Fiscal Year (SFY) 2023 at the least if the relocation of Newtok does not occur as planned. Central Region (CR) Department of Transportation and Public Facilities (DOT&PF) has developed a plan that would allow both airports to remain open and for Maintenance and Operations (M&O) to continue providing necessary maintenance until such time as the relocation is complete. CR Highways and Aviation (H&A) through State Equipment Fleet (SEF) was able make a \$250.0 agreement with the Mertarvik Airport construction contractor for the following:

Purchase of a Caterpillar 16G motor grader currently being used to construct Mertarvik Airport and transport of said grader to Newtok Airport. This grader will then be utilized by M&O to maintain the existing airport.

Backhaul of a John Deere 670 motor grader from Newtok Airport to Mertarvik Airport. This grader will be utilized by M&O for maintenance of the new airport. (Note: this FAA funded equipment was purchased specifically for use at Mertarvik, thus the requirement to move it from Newtok to Mertarvik).

In addition to the \$250,000.00, this request also includes \$40.0 that CR H&A estimates is needed to continue maintaining Newtok Airport for SFY2023. This amount represents \$26.0 for a Rural Airport Maintenance contract, \$10.0 for SEF to maintain the 16G grader, and \$4.0 for labor and travel costs necessary for local DOT&PF staff to inspect Newtok Airport conditions.

**City of Homer Natural Gas and Water Sewer Assessments**

	Suppl	180.0	0.0	0.0	180.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		180.0										

Central Region Highways and Aviation (CR H&A) was recently made aware of utility assessments by the City of Homer for Department of Transportation owned property along Kachemak Dr. in Homer, AK. The total due for Natural Gas Assessment is \$94.0 and the total due for the Water/Sewer Assessment is \$85.0. CR H&A was unaware of these assessments until just recently. These assessments are for multiple years.

The cost cannot be absorbed by the region without significant service delivery impacts such as a reduction to routine maintenance on roadways and the Homer airport for potholes repairs, snow and ice control on roads and sidewalks, guardrail repair, lighting repairs, drain repairs, culvert failures.

To keep a consistent recruitment effort underway that reaches many more potential applicants, Anchorage International Airport (AIA) has added social media, e-newsletter, radio, and television advertising. Additional means of communication being used are People Mover placements and expanding outreach to include the Kenai Peninsula and the Valley in recruiting efforts.												
In addition, AIA underwent a rebranding campaign a few years ago that left many documents and logo placements around the airport still unable to transition into the new branding. AIA is also pushing for better advertising for airport amenities, which calls for new creatives and signage to help travelers and the general public in finding everything from Automated External Defibrillators (AEDs) to help phones.												
Lastly, the component continues to implement website updates that includes graphics design, and actual website monitoring and updates, which will require additional hours of time from our public relations agency, MSI.												
A similar request is in the FY2024 Governor's budget.

Cyber Security Services \$400.0 Cyber security threats have significantly increased over the past few years, along with the types and level of service the Facilities Information Technology section is expected to provide for tenants and other State components located at the Ted Stevens Anchorage International Airport. The Department of Homeland Security now requires the reporting of any cyber security incident through a Cyber Security Point of Contact (POC); the State of Alaska has the same reporting requirement. There is no job class within the State personnel system that would fulfill this requirement. Cyber security requires specialized training and experience. This contracted position focuses on cyber security posturing, vulnerability management, and mitigation and regulatory compliance for the Ted Stevens Anchorage International Airport.												
Common Use Passenger Processing System (CUPPS) Support \$125.0 Support the expansion of CUPPS for North Terminal Operations and Airport Operations new Gate Management/RMS program. Additional seasonal onsite technical support is also needed during peak travel season.												
Utility Cost Increases \$807.0 Based on FY2022 actuals, anticipated annual 5% rate increase.

<b>Anchorage International Airport Parking Lot and Roads Snow Removal Contract</b>												
	Suppl	450.0	0.0	0.0	450.0	0.0	0.0	0.0	0.0	0	0	0
1027 Int Airprt		450.0										
This increment consists of \$300.0 for Anchorage International Airport parking lot snow removal, as well as an additional \$150.0 for snow removal for the roads in and around Anchorage International Airport.												
<b>Supply and Equipment Increases due to Inflation</b>												
	Suppl	2,855.0	0.0	0.0	0.0	2,830.0	25.0	0.0	0.0	0	0	0
1027 Int Airprt		2,855.0										
There have been significant cost increases for airport supplies over recent past fiscal years. In FY2020, there was a 77% cost increase for potassium acetate and a 28% cost increase for solid deicers. In FY2021, diesel fuel costs have increased by 58%, unleaded fuel by \$45%, airfield sand by 19%, electrical components by 34%, and an average increase of 14% for supplies.												
Additional authority is also requested to take into account inflation and cost increases for equipment.												
<b>De-icing Chemical Replenishment at Anchorage International Airport</b>												
	Suppl	3,000.0	0.0	0.0	0.0	3,000.0	0.0	0.0	0.0	0	0	0
1027 Int Airprt		3,000.0										
Additional budget authorization is required in the Anchorage Airport Field Maintenance & Equipment commodities expenditure line to purchase de-icing chemical that is currently in need of replenishment due to greater than normal use this winter.												
In December of 2022, Anchorage International Airport received more than half of its annual snow and ice in 11 days. This event depleted liquid and solid deicer as well as 2 inventory sand products. Deicer and sand is needed to maintain the runways and taxiways, to keep the airport safe and operational.												
The delivery time for chemicals is also in excess of 45 days, so having orders confirmed, as well as having the funds in place to purchase, is also mission critical.

**Travel for for Operations Staff Advanced Training**

	Suppl	3.7	0.0	3.7	0.0	0.0	0.0	0.0	0.0	0	0	0
1027 Int Airprt		3.7										

This training is often in a classroom setting conducted by airport industry specialists. Traveling to these venues generally costs about \$3.0-\$4.0 per trip total. In the past three years, the Operations component has increased from 18 to 25 personnel. An increase of \$3.7 in FY2023 will pay for one new personnel to travel to a recommended training program not available locally. One example of non-local training is the Airport Certified Expert in Operations course (or similar) that is required for Operations Officers by the Federal Aviation Administration approved Airport Certification Manual. Due to COVID travel restrictions, three Operations Officers have not attended the course in their first year as is required.

This supplemental request is for two trips that were not forecasted for FY2023.

**Airport Badge Office Printers**

	Suppl	70.0	0.0	0.0	0.0	0.0	70.0	0.0	0.0	0	0	0
1027 Int Airprt		70.0										

There are specialized printers in the Airport Badge Office that are used to print Security Identification Display Area (SIDA) badges for Anchorage International Airport (AIA). The badges are required by federal regulation. AIA has approximately 9,000 badge holders and must reissue badges every two years. When combining the processing of new badge holders and reissuing badges, the printers reach the end of their useful life in only about five years. The current printers are two years past their useful life and are showing signs of imminent failure.

**New and Increased Costs for Service Contracts**

	Suppl	50.9	0.0	0.0	50.9	0.0	0.0	0.0	0.0	0	0	0
1027 Int Airprt		50.9										

**New Aircraft Visual Approach Contract \$30.9**

This funding supports the establishment of contractual obligations by Anchorage International Airport (AIA) to share ownership and sponsor maintenance of two area navigation (RNAV) visual flight approach procedures to runways 25R and 25L. The approaches were constructed in 2016 under an agreement between Cathay Pacific Airlines (owner/sponsor) and Hughes Aerospace Corporation (owner/developer) and made public for all users, however Cathay has recently discontinued sponsorship. If not maintained, the approaches will be decertified and no longer publicly available.

After discussion with the airlines operating in AIA, the airport has determined that the approaches are in the best interest of the airport and airlines due to the increased safety measure a published approach provides. These approaches will increase the safety of large aircraft landing at AIA from the east, over a densely populated part of Anchorage, with high terrain nearby. The airport is the best sponsor for these approaches as it can best ensure the approaches remain available for all users for years to come. An annual maintenance fee for these approaches is covered by the reduction of services in another contract.

**Office of Information Technology Services \$20.0**

Based on estimates previously charged to the component by the Office of Information Technology (OIT). There has not previously been a line item in the component budget for these expenses and thus they were left to be funded at the end of each year from outside the component. FY2023 is expected to be

**Computer Aided Dispatch (CAD) Software \$83.7**

This software is used by the Anchorage International Airport (AIA) Police & Fire department for emergency services dispatching of police/emergency medical services/fire services. CAD has been funded through the AIA Facilities and IT component services lines in prior years. They completed an upgrade of the software in FY2022. AIA Safety does not have the existing or available funds to absorb the transfer of annual ongoing costs related to the maintenance, updates, and costs for this software system.

**Federal Aviation Administration (FAA) Live Fire Training at Beacon \$16.5**

This will cover transportation and rental fees at the Kenai Beacon aviation training facility. FAA requires firefighters covering Aircraft Rescue Fire Fighting (ARFF) duties to complete a live fire every 12 consecutive months under AC 150/5210-17C, Section 1.4. AIA has no local facility in which to train, and the available military facility on JBER has had intermittent availability and the department was unable to complete any training at this location in 2022, necessitating last minute arrangements with Beacon.

**Dispatch Commission on Accreditation for Law Enforcement Agencies (CALEA) Accreditation \$10.0**

To improve upon our emergency services dispatch center performance, provide modern and industry standard guidance, and ensure compliance with various regulations and laws, the department will begin to pursue CALEA accreditation for the emergency services dispatch center. The department already holds a CALEA accreditation for police services and found it a valuable tool to ensure policies and procedures reflected best practices expected of officers and would like to bring the dispatch center to the same level of accreditation.

<b>Increased Heating, Diesel, and Unleaded Fuel Expenses at Fairbanks International Airport</b>												
1027 Int Airprt	Suppl	26.2	0.0	0.0	26.2	0.0	0.0	0.0	0.0	0	0	0
Additional authority is requested for Fairbanks International Airport (FIA) Facilities component. As a result of nationwide increases in heating oil and vehicle and equipment fuel prices, FIA will have insufficient authority to cover anticipated fuel costs. In the past six months of FY2022, FIA experienced an increase of \$1.05 per gallon of heating oil and an average increase of \$1.23 per gallon and \$2.48 per gallon of unleaded and diesel fuel respectively. Prices are decreasing; however, are not anticipated to reach the same levels as July 2021. Using an average of an additional \$1.09 per gallon, FAI is requesting additional authority to cover fuel expenditures based on recent market trends and the US Energy Information Administration. The market is unpredictable at best.												
<b>Mission Critical Incentive Pay</b>												
1027 Int Airprt	Suppl	137.6	137.6	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
Fund mission-critical pay paying an additional 30% of eligible employees' base hourly rate of pay for all hours worked for 11 positions within the Maintenance Generalist and Maintenance Specialist job classes stationed in Fairbanks International Airport to improve and maintain the recruitment and retention of a qualified and stable workforce.												
Recruitment and retention of Labor, Trades, and Crafts bargaining unit members in the aforementioned job classes has been a significant issue for an extended period. The lack of a seasoned and stable workforce, in combination with the requirement for manning 24-hour airport operations, puts at risk the department's ability to maintain the basic operations of the airports.

<b>Add Federal Receipts Authority for Drug Enforcement Administration Program</b>												
1027 Int Airprt	Suppl	200.0	0.0	0.0	200.0	0.0	0.0	0.0	0.0	0	0	0
<p>Additional Federal Receipt authority is requested for the Fairbanks International Airport Safety component to receive revenue for a Justice Assistant Grant (JAG) drug-enforcement program. Revenue from this program will cover the annual cost of one law enforcement officer to participate in the local Fairbanks drug enforcement task force. There is a JAG available, administered by the Department of Public Safety that could cover all personnel costs associated with an Airport Police and Fire Officer being assigned to the Statewide Drug Enforcement Unit as a Task Force Officer. Federal High Intensity Drug Trafficking Area funds are separately available to pay for any overtime hours generated.</p> <p>Task Force Officers are deputized as Federal Drug Enforcement Agency officers, which provides the ability to easily pursue charges on a federal level. A vast majority of illegal drug trafficking moves through Fairbanks International Airport via passengers, US Mail, US Bypass Mail, and commercial cargo carriers. This receipt authority will add much-needed manpower and agency coordination to the Fairbanks drug enforcement task force and increase the Fairbanks Airport Police &amp; Fire Department's ability to combat illegal drug and alcohol smuggling.</p>

Due to the timing of the union negotiations, there were no faculty increases in FY2023. Although it was submitted based on a unilaterally implemented contract and approved as part of the Governor’s budget on the first day of the conference committee in May 2022, it was too late for the legislature to consider it as they finalized the FY2023 operating budget bill. This is retroactive for FY2023 and resets the base for FY2024.

(Language)	Language	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
The Alaska Gasline Development Corporation (AGDC) is transitioning from sole-ownership of the Alaska Liquefied Natural Gas (LNG) Project to a venture structure lead by private industry. This request provides the authorization for AGDC to receive funding from private industry strategic parties to cover the costs of activities undertaken in FY2024. Funding will be deposited in the Alaska Liquefied Natural Gas Fund (Fund 1235).												
* Sec. XX. FUND CAPITALIZATION. (t) The amount of federal receipts received by the Alaska Gasline Development Corporation for the fiscal year ending June 30, 2024, is appropriated to the Alaska liquefied natural gas project fund (AS 31.25.110).												
AGDC is an independent, public corporation of the State of Alaska whose purpose is to develop the Alaska LNG Project for benefit of the people of Alaska. AGDC was directed by the Board of Directors to become self-sufficient; relying on private sector funding to push the project forward. The Alaska LNG Project will grow Alaska's economy with a surge of jobs during construction as well as 1,000 permanent operations and maintenance jobs when construction is complete.												
This funding allows AGDC to continue working with strategic parties to advance the project through commercial negotiations and agreements, legal review and technical work needed to enter the Front End Engineering and Design (FEED) stage gate. Private sector funds will be used for contractor support and not for general operating budget activities.
