

Chalkyitsik Airport Reconstruction

FY2024 Request: \$0
Reference No: 63942

AP/AL: Allocation
Category: Transportation
Location: Chalkyitsik

Project Type: Construction

House District: Kachemak
 Bay/Ninilchik/Kasilof (HD 6)

Impact House District: Kachemak
 Bay/Ninilchik/Kasilof (HD 6)

Contact: Dom Pannone

Estimated Project Dates: 07/01/2022 - 06/30/2027 **Contact Phone:** (907)465-2956

Appropriation: Airport Improvement Program (FY23)

Brief Summary and Statement of Need:

This project will resurface runway 4-22, taxiway, and apron; rehabilitate airport lighting system and electrical building and improve airport drainage; replace segmented circle and windcone; apply dust palliative; and construct a new snow removal equipment building (SREB). Minimal surfacing is left on the runway, taxiway, and apron. The lighting system and SREB are beyond their usable life and are difficult to maintain and operate. Drainage improvements are needed at the east end of the runway, including minor erosion protection along east end of the runway safety area. The segmented circle is the barrel type and no longer meets specifications.

Prior Funding History / Additional Information:

Sec11 Ch0 SLA2022 P94 L10 HB281 \$8,000,000

In FFY2022, SLA 22/011/094/010 was approved for the anticipated construction cost at the time of the engineer's estimates. Due to considerable construction increases seen over the last two years the department needed to revise the existing engineer's estimate to be in alignment with market conditions. The revised engineer's estimate came in at \$14,109,375. The department is seeking the additional project specific authority to fully fund the Federal Aviation Administration (FAA) anticipated award.
