

**Federal Transit Administration Grants**

**FY2024 Request: \$26,690,000**

**Reference No: 30643**

**AP/AL:** Allocation

**Project Type:** Equipment / Commodities

**Category:** Transportation

**Location:** Statewide

**House District:** Statewide (HD 1-40)

**Impact House District:** Statewide (HD 1-40)

**Contact:** Dom Pannone

**Estimated Project Dates:** 07/01/2023 - 06/30/2028

**Contact Phone:** (907)465-2956

**Appropriation:** Statewide Federal Programs

**Brief Summary and Statement of Need:**

Competitive grants from the Federal Transit Administration, administered by the Department of Transportation and Public Facilities, used to purchase transit vehicles for elderly and handicapped transportation and cover operating expenses of transit operators.

- Sec4 Ch30 SLA2007 P105 L12 SB53 \$9,000,000

There is also a small grant to the state for administering the program. Match for pass-through grants is 9.03 percent - 43.14 percent and is provided by the grantee. Match for planning is 20 percent, provided by the state.

**Project Description/Justification:**

This program provides federal funding from the Federal Transit Administration (FTA) to implement and maintain coordinated public transportation throughout Alaska.

Recipients of the funds described in items two to six below must apply to the Alaska Department of Transportation and Public Facilities (DOT&PF) transit planning office and compete statewide. Applications are solicited and then reviewed by a committee of transit-oriented Alaskans from the state, local governments, and the public. The applications are scored with an emphasis on coordinated transportation, where opportunities to leverage related services are recognized.

Funds are used for the following activities:

- 1) State Administration. Federal funds are provided to administer the program.
- 2) Project Administration. DOT&PF passes through these funds to public transit systems. These funds require a 9.03 percent local match and are used for administrative overhead such as transit system director's salary, office expenses, insurance, advertising, and planning.
- 3) Capital Funding. Capital expenses include funding for the purchase of vehicles, communication systems, dispatching systems, maintenance, buildings, and shelters. Capital funding requires a 9.03 percent local match for public transit and 20 percent match for human service. Capital funds are available to both public and private nonprofit organizations. In addition to the formula funding, substantial capital discretionary funds are regularly noticed by FTA on a competitive basis.
- 4) Jobs Access and Reverse Commute (JARC) funding. Included in the Rural Transit Appropriation formula, these funds are used to offset a community's cost of providing transportation for low-income people to and from work.
- 5) Operating Expenditures. This category includes the cost of fuel, driver salary, dispatcher, and other associated costs. These funds require a 43.14 percent local match.
- 6) Purchase of Services. These funds are provided to private nonprofit and public organizations for the purchase of transportation services.
- 7) Training and Technical Assistance (no match required)

A local government may purchase public transportation services from private companies.
