Project Title:

Project Type: Remodel, Reconstruction and Upgrades

Anchorage - Senate District H Residential Pavement Rehabilitation

State Funding Requested: \$3,000,000

House District: 15 / H

Future Funding May Be Requested

Brief Project Description:

The project will fund pavement overlay, rehabilitation, and replacement projects throughout Senate District H.

Funding Plan:

Total Project Cost:	\$30,000,000
Funding Already Secured:	(\$0)
FY2025 State Funding Request:	(\$3,000,000)
Project Deficit:	\$27,000,000

Detailed Project Description and Justification:

The project will fund pavement overlay, rehabilitation, and replacement projects throughout Senate District H. Some funding may also be used for drainage work as needed for the preservation of the roadway. Project priorities will be established by Street Maintenance, Traffic Engineering, and Project Management & Engineering (PM&E), with input from elected officials and the public. Projects to be funded are primarily local roads, but some trail rehab is also anticipated.

Deteriorating pavement on Anchorage roads is increasing safety concerns and maintenance costs. Many of the local roads in Anchorage are showing their age and in many cases how poorly they were initially constructed. This program allows the Municipality to preserve the useful life of the road base and avoid much more expensive full reconstruction projects as well as improving the quality of life for residents.

The grant funding may be used for planning, design, utility work, obtaining rights-of-way and easements, permitting, construction, and any other work associated with the aforementioned scope of the project.

Project Timeline:

Design and construction activity is anticipated from 2025-2029.
