Project Description/Justification:

The Homeless Assistance Program (HAP) enables thousands of homeless and/or near-homeless families, individuals, youth, and victims of domestic violence to obtain or retain safe and sanitary shelter each year.

Grants help local communities/agencies develop programs that reduce homelessness, provide services that prevent housing displacement and assist those who are homeless to transition back to permanent housing. Funds also support the operation of the statewide information and referral system 211.

Projected Outcomes:

- Prevent near-homeless individuals and families from becoming homeless;
- Provide homeless individuals and family assistance to obtain safe and sanitary shelter;
- \$6.5 million in HAP grant funds to support the operations of 36 homeless and supportive housing service providers in 16 different communities. Statewide, 15,000 people received assistance through HAP-funded programs. Twenty-nine percent of those individuals were part of households with minor children;
- HAP funds provide operational support for emergency shelters, community funds for rapid rehousing, and homeless prevention services;
- HAP Homeless Prevention funds assisted families who were experiencing unexpected hardships and at risk of becoming homeless; and/or
- HAP Rapid Rehousing funds assisted families who can maintain housing but need a brief financial assistance boost to obtain stable housing.
