A contract extension with the Kenai Peninsula Borough for dispatch services between July 1, 2024, and June 30, 2025, resulted in an increase of \$64.5. The FY2024 contract cost was \$1,592.2 and the FY2025 contract cost is \$1,657.0. The contract states that renewal rates are negotiated based upon cost-of-living, call volumes, and other services provided.

A contract extension with the City of Wasilla for dispatch services between July 1, 2024, and June 30, 2025, resulted in an increase of \$59.3. The FY2024 contract cost was \$1,976.8 and the FY2025 contract cost is \$2,036.1. The contract costs for FY2025 were negotiated between the department and the City of Wasilla when the contract was initiated in 2022.

The combined cost increase for contracted dispatch services for FY2025 is \$123.8.

Dispatch contract services provides for secure operations facilities and technology; receives requests for service from the public 24 hours per day, seven days per week via telephone, radio communications, electronic mail, and facsimile; receives 9-1-1 calls with their dispatch service area; provides dispatch and incident history services; provides computer aided dispatch services; queries and updates law enforcement databases; and performs incident data entry.

The bill amends state law to require the Department of Public Safety (DPS) to employ at least two persons to investigate missing and murdered indigenous persons. The investigators would also be required to act as liaisons between law enforcement agencies, communities, and federally recognized tribes. The department currently employs four investigators and two tribal liaisons that focus on Trooper specific cases, community outreach and collaboration, and missing person initiatives statewide.

The bill establishes a Missing and Murdered Indigenous Persons Review Commission within DPS, and the department anticipates it would need a position to coordinate and administer the commission and assist in drafting the requested report.

Program Coordinator 1, Anchorage, \$122.7
 Travel: \$6.0
 Services: \$16.0
 Commodities: \$1.0 and \$18.4 in FY2025

The bill requires DPS to conduct a needs assessment to determine how to increase protective and investigative resources for reporting cases of missing and murdered indigenous persons within the state criminal justice system to reduce barriers and increase information sharing.

The department would offer an open procurement for a professional services contract for the needs assessment at an estimated cost of \$400.0 for the assessment, travel for the contractor and stakeholders, and preparation of a report to the legislature. The contractor will coordinate and lead meetings with tribal and local law enforcement agencies, tribes, and tribal organizations to identify barriers and determine methods increased reporting and investigation of cases involving missing and murdered indigenous persons. The contractor will be responsible for the following deliverables:

- Provide a project plan outlining the approach, timeline, resources, and methodologies to be used for the needs assessment and providing regular project status reports.
- Develop and implement a strategy for engaging with local, state, and tribal governments, as well as indigenous communities statewide to include a plan for communication, collaboration, and feedback.
- Provide for travel and meeting scheduling for all meetings related to the project, including logistics for accommodations and meeting agendas, with a focus on visiting indigenous communities.
- Provide data collection and analysis of relevant data from various sources, including law enforcement records, social services, and community input to include

Reverse Vehicles to Enhance Judicial Services												
OTI		-147.0	0.0	0.0	0.0	0.0	-147.0	0.0	0.0	0	0	0
1004 Gen Fund -147.0												
Add three vehicles for Judicial Services in Kodiak, Anchorage, and Palmer to ensure prisoners can be transported between correctional centers and the court building to attend their legal proceedings. Not having vehicles denies due process to incarcerated persons and potentially delays court proceedings and/or creates a backlog of pending legal actions.												
If these vehicles go out of service without replacements, there will be no alternatives available for transporting prisoners between correctional centers and their court proceedings.												
Reverse Expand Internet Connectivity in Rural Posts (FY24-FY28)												
OTI		-582.0	0.0	0.0	-582.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund -582.0												
Restore temporary increase funding to expand internet connectivity for rural trooper posts. Current local internet systems in rural post locations are not adequate. Lack of telecommunications infrastructure has resulted in troopers being unable to access timely and critical information in the performance of their duties.												
The introduction of body worn cameras and their associated high data transfer demands further exacerbates the need for a robust bandwidth solution. Recent technological advances now present an opportunity to obtain low orbit satellite data services. If this increment is approved, it would allow for Alaska State Troopers and Alaska Wildlife Troopers to supplement existing internet connections to provide redundancy to effectively upload body worn camera data along with other important criminal records.												
The department will utilize an existing body worn camera general fund allocation for one-time costs including the procurement, shipping, and installation of the connectivity devices. This increment will support ongoing operating costs.												
This is a temporary increment for two reasons: 1) the technology is changing rapidly, and the department is monitoring the most reliable and cost-effective solutions, 2) the Infrastructure Investment Jobs Act authorized \$65 billion in public investment to improve broadband access, infrastructure, and digital equity, which will improve digital equity in the coming years.

Address Increasing Law Enforcement Supply and Equipment Costs												
1004 Gen Fund	Inc	500.0	0.0	0.0	0.0	500.0	0.0	0.0	0.0	0	0	0
There has been a significant cost increase in necessary law enforcement supplies and equipment. Between FY2022 and FY2024, general fund expenditures for law enforcement supplies and equipment within the Alaska State Troopers appropriation increased by \$1,508.4. The largest contributors to that increase were equipment, tools, clothing, uniforms, firearms, ammunition, safety gear, parts, and supplies.												
Establish Talkeetna Post / Trapper Creek / North Parks Highway Corridor												
1004 Gen Fund	Inc	1,485.6	1,034.0	88.0	231.0	33.8	98.8	0.0	0.0	5	0	0
Restore a Talkeetna post, closed in 2016, to ensure timely law enforcement coverage of Willow, Talkeetna, and Trapper Creek.												
United States Census Bureau data for the Matanuska-Susitna (Mat-Su) Borough demonstrates significant population growth. Since the April 1, 2010 census and a July 1, 2023 population estimate, there has been significant growth within the region from 107,081 residents to 115,239 residents, or 7.6 percent. Mat-Su based law enforcement lack sufficient capacity to effectively respond to calls for service from the Willow/Talkeetna/Trapper Creek areas that exceed 2500 annually, resulting in long response times and reduced trooper presence. The highway distance from the Mat-Su West Trooper post in Meadow Lakes and the Cantwell Trooper post is 160 road miles. This vast distance has a high rate of injury and fatal traffic collisions and search and rescue operations that require a Trooper response. Since September 2021 there have been 421 vehicle collisions and 262 welfare checks conducted in the proposed Talkeetna post patrol area. Since 2020 this area has had 785 reports that involve illegal drug use.												
A dedicated post in the Talkeetna area will improve response times, improve traffic enforcement efforts, and provide full time law enforcement services to the citizens of the Upper Susitna Valley. To effectively establish the post, five new positions will be necessary including a Sergeant, three State Troopers, and a Criminal Justice Technician. Additional costs will include lease and utility costs for the new post (\$45.0) as well as services costs relating to establishing new positions.												

Change Record Detail - Multiple Scenarios with Descriptions (294)

There is a companion request within the Alaska Wildlife Troopers Division, as well as a one-time request for position startup costs and office furnishings.

The following positions are added:

Full-time Sergeant (12228), range 79, located in Talkeetna

Full-time State Trooper (12229), range 77, located in Talkeetna Full-time State Trooper (12230), range 77, located in Talkeetna Full-time State Trooper (12231), range 77, located in Talkeetna

Full-time Criminal Justice Technician 1/2 (12232), range 12/14, located in Talkeetna

Address Alaska State Trooper Overtime

	Inc	2,348.0	2,348.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		2,348.0										

Fiscal Year 2024 actual expenditures support the need of approximately 300 hours of overtime per trooper; of which only 168 hours are currently budgeted. This results in a significant funding gap that cannot be absorbed without significant operational impacts.

Trooper overtime is essential for shift coverage, training, and case management. Investigations such as a homicide may result in travel and long hours by several troopers. There is no hand-off of case work between shifts; troopers must see cases through to completion.

Vans for Crime Scene Response in Palmer

	IncOTI	65.0	0.0	0.0	0.0	0.0	65.0	0.0	0.0	0	0	0
1004 Gen Fund		65.0										

The Alaska State Troopers crime scene forensic technicians in Palmer and Soldotna are responsible for responding to homicides, sexual assaults, robberies, shootings, and other violent felony crimes and processing the crime scenes. These positions need large vehicles to transport crime scene equipment, evidence, and to provide a workstation to process crime scenes.

This request provides for two transit vans outfitted with shelving, lighting, dual batteries, and other required equipment that will improve response time for processing crime scenes. Timely response is essential for preserving evidence and improving the likelihood of prosecution.

Startup Costs for New Positions and Talkeetna Post

	IncOTI	489.1	0.0	0.0	50.7	102.4	336.0	0.0	0.0	0	0	0
1004 Gen Fund		489.1										

Startup costs for one new civilian position (\$18.4) include commodities to set up a workstation (\$6.0), and workstation build or reconfiguration of existing space (\$12.4) including office chair, desk, and cubicle.

Startup costs for a new commissioned sergeant position (\$90.0) include commodities to set up a workstation (\$6.0) and a new vehicle (\$84.0).

Startup costs for three new commissioned trooper positions (\$106.9/ea) include attending the Alaska Law Enforcement Training Academy (\$15.9), a physical examination (\$1.0), commodities to set up a workstation (\$6.0), and a new vehicle (\$84.0).

Scenario/Change Record Title	Trans Type	Totals	Personal Services	Travel	Services	Commodities	Capital Outlay	Grants, Benefits	Miscellaneous	Positions		
										PFT	PPT	NP
1004 Gen Fund	Inc	1,075.5	783.3	66.0	127.5	24.6	74.1	0.0	0.0	0	0	3
		1,075.5										

Add three non-permanent State Troopers (12#234, 12#235, and 12#236), range 77, located in Kotzebue, for investigation of sexual assault of minor cases. These positions will serve Nome, Kotzebue, and the Northwest Arctic region.

Law enforcement is obligated to thoroughly investigate reports of child sexual abuse and to determine whether a crime has been committed and hold those that victimize Alaska children accountable through the criminal justice system. Investigations must be carried out in a professional and sensitive manner that protects the rights of the alleged victim, as well as the suspected offender. Sexual assault investigations are complicated and labor intensive and require specialist training in modern investigative measures and proper methods for interviewing victims, witnesses, and suspects.

The Department of Public Safety's Crime in Alaska Supplemental Report on Felony Level Sex Offenses (2023) demonstrates that Western Alaska, including Northwest Alaska, reported the highest rate of sex offense instances with a rate of 326.0 per 100,000 population. This rate exceeds Anchorage, which reported a rate of 206.1 per 100,000 population. Statewide, 18 percent of victims are under the age of 10 and 36 percent of victims are under the age of 17.

Three non-permanent State Trooper positions allocated in FY2024 serve Bethel and surrounding villages. There is one non-permanent State Trooper that serves Western Alaska on a rotating schedule.

The volume of sexual assault cases surpasses existing trooper investigator capacity. The addition of three non-permanent investigators, dedicated to sexual assault of a minor cases in Kotzebue and Nome and surrounding areas, will allow for the department to bring in trained investigators to manage the volume of cases in Western Alaska.

Without these three additional non-permanent trooper investigators dedicated to sexual assault of a minor cases there will be insufficient capacity for crucial evaluation of information, preliminary investigations, and follow-up investigative procedures in Western Alaska.

		50.0										

The Department of Public Safety will work to clear the backlog of unidentified human remains in collaboration with the Department of Health and create a process that leads to an accelerated timeline to identify human remains going forward. There is approximately 70 cases of unidentified human remains in storage at the Medical Examiner's Office, dating back to 1968. This request provides for a pilot program related to identifying the backlogged human remains to determine if new investigative methods will lead to success. Since 2018, investigative genetic genealogy, also known as forensic genetic genealogy, has become an important tool in criminal investigations for unresolved cold cases to generate investigative leads and identify unknown individuals. This process is

used for identifying a deceased person who was previously unable to be identified through common investigative methods. Samples of unidentified human remains will be sent to an out-of-state forensic laboratory to be evaluated for viable DNA and further results, such as the person's ancestry through a genealogy database. The process costs \$8.0 to \$10.0 per sample. This one-time funding will begin to address the backlog and solve criminal and missing person cases involving unidentified human remains.

1004 Gen Fund	Inc	300.0	0.0	0.0	0.0	300.0	0.0	0.0	0.0	0	0	0
There has been a significant cost increase in necessary law enforcement supplies and equipment. Between FY2023 and FY2024, inflationary pressures resulted in an overall \$320.0 increase for essential law enforcement equipment. The most significant contributors to the increase are ballistic vests, survival suits, first aid supplies, clothing, uniforms, and tasers.												
Much of the current equipment is nearing or has exceeded its serviceable life. Quality equipment that troopers can depend on is essential for law enforcement personnel safety and the public safety mission.												
A one-time operating increment in the amount of \$300.0 was allocated for FY2025.

TThis request restores a Talkeetna post to ensure law enforcement coverage of Willow, Talkeetna, and Trapper Creek. It provides for a full-time Wildlife Trooper (12#225), range 77, and associated costs including personal services, travel, services, commodities, and capital outlay costs.

The Talkeetna post was closed in FY2016. A single State Trooper (Wildlife) was transferred to Wasilla. The Alaska Wildlife Trooper (AWT) is now fully established in Wasilla. United States Census Bureau data for the Matanuska-Susitna Borough demonstrates significant population growth. Since the April 1, 2010 census and a July 1, 2023 population estimate, there has been significant growth within the region from 107,081 residents to 115,239 residents, or 7.6 percent. The department does not recommend returning the position to the new post, due to that population increase.

The Willow, Talkeetna, and Trapper Creek area has experienced increased recreational area activity that not only impacts Alaska's resources in popular hunting and fishing areas, but also the delivery of essential public safety services. It is not reasonable or safe for Wasilla and Palmer-based AWTs to travel over 70 miles for calls for service, to provide a presence for sport fishing and game hunting, and search and rescue response.

Lease costs will be shared equitably between Alaska State Troopers Detachments and the Alaska Wildlife Troopers.

There is a companion request within the Alaska State Troopers Detachments, as well as a one-time request for position startup costs.

1004 Gen Fund		1,215.2										

The Village Public Safety Operations division is a collaboration between tribes/villages, grantee organizations, and the department to employ Village Public Safety Officers (VPSO) in Alaska's remote communities. VPSOs provide first responder law enforcement, fire suppression, search and rescue, and emergency medical services to participating communities. The department is committed to a deliberate, incremental approach to expand and enhance the division, with an additional five VPSO positions in FY2026.

The VPSO workforce, once at 96 positions in 2006, dwindled to 38 by 2020. Following a FY2020 Legislative work group and report established to address support, FY2022 through FY2025 have shown incremental sustainable increases to more than 85 positions.

This request seeks to expand the division to 90 grant-funded positions to enhance public safety services in Alaska's remote villages. While the division has shown recovery, there remains a critical need for additional VPSOs to meet the demands of these communities. The additional positions will help distribute the workload, reduce response times, and improve the overall effectiveness of the VPSO division.

Each new VPSO position is estimated to cost \$243.0 which includes salary, overtime, travel, services, supplies, and equipment.

Without these new positions, many remote communities may continue to face insufficient public safety coverage, potentially leading to delayed responses and increased vulnerability. Expanding the division is a proactive step to ensure more Alaskan villages benefit from the vital services provided by VPSOs.

The Northwest Arctic Borough implemented targeted strategies to address workforce challenges, enhance recruitment efforts, and improve employee retention of Village Public Safety Officers (VPSO). Strategies and program changes include arming officers, providing bonuses, and addressing housing. These initiatives have already demonstrated measurable success, resulting in increased hires and reduced turnover. Additional funding is essential to sustain and build on this progress.

This project maintains a critical component of the Alaska Mental Health Trust's Disability Justice focus area by providing foundational knowledge on mental health disorders and cognitive impairments, best practices for responding to mental and behavioral health issues, laws centered around the Code of Federal Regulations, Title 47, and the state's community behavioral health system to municipal law enforcement, the Alaska State Troopers, and other first responders. The funding enables the Department of Public Safety and the Alaska Police Standards Council (APSC) to support first responder behavioral health training and programs for APSC-certified municipal and State law enforcement, APSC-certified municipal and State correctional officers, APSC-certified probation officers, and village police officers. This includes, but is not limited, to 40 hours of Crisis Intervention Team training that adheres to the nationally recognized Memphis Model that will provide Alaska's first responders with the tools to best respond to calls for service involving persons with mental and behavioral health issues that may be experiencing a mental health crisis to provide greater public protection and keeps Alaskans safe.

Reverse Replace Decommissioned Vehicle for Training Academy	OTI	-65.0	0.0	0.0	0.0	0.0	-65.0	0.0	0.0	0	0	0
1004 Gen Fund		-65.0										
The Department of Public Safety (DPS) Training Academy provides training to Alaska law enforcement agencies through two, four-month long sessions per year. Classes average 40 to 50 students. The department needs a 15-passenger van to transport students to offsite facilities for training events such as law enforcement driver training, firearms qualifications, water, ocean, and physical fitness. Recently, the academy had to decommission one 15-passenger van due to severe mechanical issues. That vehicle has not been replaced since the vehicle was "X" class and did not accrue replacement credits.												
Without a new van, the Training Academy would need to contract out transportation services from a local bus or transportation company for its trainees, at a significant cost.

Carryforward of the unexpended balance of the appropriation made in Sec27(a) Ch1 SLA2023 P127 L18-26 (HB39) and amended in Sec20, Ch7, SLA 2024 P95 L11 (HB268).												
Section 27(a), ch. 1, FSSLA 2023, is amended to read:												
(a) The sum of \$900,000 is appropriated from general fund program receipts collected under AS 44.41.025(b) to the Department of Public Safety for criminal justice information system (CJIS) updates and improvements for the fiscal years ending June 30, 2023, June 30, 2024, and June 30, 2025.												
With the increased number of individuals requiring criminal background checks for employment, licensing, and other purposes, the Criminal Justice Information Systems (CJIS) Program has steadily increased the amount of carryforward revenue from General Fund Program Receipts (GF/PR). Between FY2021 and FY2022 (FYTD) background checks increased by 11 percent from 40,766 to 45,225. The CJIS Program has already exceeded its GF/PR authority to collect of \$977.6 this fiscal year.

Carryforward of the unexpended balance of the appropriation made in Sec27(a) Ch1 SLA2023 P127 L18-26 (HB39) and amended in Sec20, Ch7, SLA 2024 P95 L11 (HB268).

Section 27(a), ch. 1, FSSLA 2023, is amended to read:

(a) The sum of \$900,000 is appropriated from general fund program receipts collected under AS 44.41.025(b) to the Department of Public Safety for criminal justice information system (CJIS) updates and improvements for the fiscal years ending June 30, 2023, June 30, 2024, and June 30, 2025.

With the increased number of individuals requiring criminal background checks for employment, licensing, and other purposes, the Criminal Justice Information Systems (CJIS) Program has steadily increased the amount of carryforward revenue from General Fund Program Receipts (GF/PR). Between FY2021 and FY2022 (FYTD) background checks increased by 11 percent from 40,766 to 45,225. The CJIS Program has already exceeded its GF/PR authority to collect of \$977.6 this fiscal year.

Original Appropriation: \$900.0

FY2023 Expenditures: \$572.0

This request supports the purchase of a software module to support a Crime in Alaska Public Portal to increase transparency in data reporting. The department routinely responds to requests from the public, media, academia, and lawmakers for crime statistics. The new module makes crime data available to the public in a searchable database and will ensure the department can meet the state and federal requirements for crime reporting with existing staffing but will need permanent funding for all six positions. The department does not have sufficient capacity with IT resources to produce an online portal for statewide crime data, which is also proprietary to the repository vendor.

Crime Lab Equipment Replacement

IncOTI	347.0	0.0	0.0	0.0	0.0	347.0	0.0	0.0	0	0	0
1004 Gen Fund	347.0										

The Alaska Scientific Crime Detection Laboratory (ASCDL) is accredited through the ANSI (American National Standards Institute) National Accreditation Board attesting to their consistency in achieving and maintaining the highest level of performance standards for the professional staff working in the lab, as well as the equipment used. To ensure standards are consistently met, the ASCDL replaces equipment based on industry standards and manufacturer recommendations.

When two critically needed pieces of equipment in the deoxyribonucleic acid (DNA) section began failing and were only compatible with older computers, the ASCDL applied for federal funding to replace the items. Unfortunately, the competitive federal grant request was not approved. Without DNA Quantitation Systems, the Forensic Scientists cannot process DNA samples. There are 16 Forensic Scientists in the DNA section and four of the DNA Quantitation Systems are needed to maintain efficiency and timeliness for processing the DNA samples.

The department is requesting one-time funding of \$347.0 for the following:

Four HID (Integrated Human Identification) DNA Quantitation Systems, \$277.3 used for processing DNA samples. Costs include installation pieces and training for four instruments.

New TubeWriter application, \$69.7 - which is a robot that labels tubes. The newer model has features such as being able to fit more lines of text on the tube and the ink is cured with UV light so it cannot wash off. This equipment reduces the chance of sample switches and increases efficiency as it labels tubes better and faster than an analyst with a sharpie handwriting labels.

The timely and efficient processing of DNA samples is critical for criminal investigations, especially sexual assault cases and is incredibly important for victims, their families, law enforcement, and prosecutors. This funding will ensure that the ASCDL continues to meet the needs of sexual assault victims and survivors in accordance with statutorily required timelines and with the upmost accuracy and efficiency.

By securing these funds, the ASCDL will continue to meet its high accreditation standards while addressing the growing needs of Alaska's law enforcement community.

Crime Lab Supplies DNA Reagent

Inc	124.6	0.0	0.0	0.0	124.6	0.0	0.0	0.0	0	0	0
1004 Gen Fund	124.6										

The Alaska Scientific Crime Detection Laboratory (ASCDL) is required to test deoxyribonucleic acid (DNA) sexual assault examination kits within six months of receiving the kit from law enforcement. To meet this timeline, the ASCDL has increased staff and has recently been able to fully staff the DNA section. With the newest staff members completing training, additional casework being done necessitates the need for more reagents used in testing DNA samples.

Historically, the ASCDL had been able to leverage federal funding for the reagents needed for the DNA testing. While the federal funding will continue to be

										PFT	PPT	NP
<p>utilized for the most common DNA testing of Short Tandem Repeat (STR), it cannot be used for more specialized testing. The ASCDL conducts additional testing on DNA samples for Y-chromosome analysis (Y-STR), which focuses on the Y chromosome in sexual assault cases where there are very low levels of male DNA or an overwhelming amount of female DNA in the evidence sample. The specialized testing for Y-STR is not covered by federal grant funds. The ASCDL is requesting funding for Promega PowerPlexY23 reagent kits necessary for DNA testing for 20 kits (200 reactions per kit) for 12 months. The Promega PowerPlexY23 kit is an amplification chemistry (kit) used to generate Y-STR profiles. The Y-STR analysis is a valuable tool, specifically in sexual assault cases.</p> <p>The timely and efficient processing of DNA samples is critical for criminal investigations, especially sexual assault cases and incredibly important for victims, their families, law enforcement, and prosecutors. This funding will ensure the ASCDL continues to meet the needs of sexual assault victims and survivors in accordance with statutorily required timelines and with the upmost accuracy and efficiency.</p> <p>By securing these funds, the ASCDL will continue to meet its high accreditation standards while addressing the growing needs of Alaska's law enforcement community.</p>
